## Executive Summary

This plan is the Public Transit-Human Services Coordinated Transportation Plan for Guernsey County. The plan was initially developed in 2007 and most recently has been updated in 2018. The plan continues to be reviewed and enhanced since its initial inception and creation. The planning process began with the establishment of an initial steering and planning committee meeting to oversee the transportation process (see Appendix B for a listing of invited agencies and participants). The first meeting was held on September 26, 2007. Shon Gress, Executive Director of the Guernsey County Senior Citizens Center provided a PowerPoint presentation to inform those present on:

- Why a Coordinated Transportation Plan?
- 3 Phases of Development
- Presentation of Community Transportation Assessments
- Minimum Plan Requirements
- Programs Involved
- Program Requirements & Timelines
- Proposed Planning Process to Meet Federal Requirements

At the September 26, 2007 kickoff meeting participants were provided an overview assessment of current and future transportation conditions in Guernsey County, resulting in the identification of broad key issues and planning goals. This plan continues to be reviewed, updated, and modified based on Senior Advisory groups, transportation providers, and the general public on an ongoing basis. The assessment is summarized in this plan under “stakeholder assessment.” As a result of this assessment and subsequent meetings, the following planning goals were proposed by the Guernsey County Coordinated Transportation Committee:

### ***Planning Goals of the Guernsey County Coordinated Transportation Plan:***

The principal goals of the coordinated public transit-human services transportation action plan are to build upon Guernsey County’s strengths of collaboration, communication, and “hands-on” experience with coordinating transportation services to:

- Evaluate current services in light of changing demographics and location of trip generators (e.g., jobs, medical facilities, popular destinations, etc.).
- Investigate opportunities to connect Guernsey County residents to transportation services and transport opportunities in neighboring counties and to preferred medical facilities located out-side of Guernsey County in the most economical manner possible.
- Further involve private stakeholders (e.g., employers, transportation disadvantaged not represented by human service agencies, private transportation providers).
- Provide more options to agencies for meeting the transportation needs of their client base.
- Make participation in coordination efforts an attractive proposition for public and private transportation services within Guernsey County.
- Identify gaps in service and where there are unmet needs.
- Make recommendations on how to address these gaps and unmet needs.

- Provide more access to transportation for the targeted populations in a cost-effective manner by assuring the best use of available resources.

Since 2007 Guernsey County Senior Citizens Center, Inc. has served as the lead agency in successfully working with senior aged advisory members, the general public, and community transportation providers to actively participate in gathering and attending meetings, completing surveys, provide public in-put, to identify transportation service gaps in Guernsey County and to develop a list of comprehensive goals, objectives, and solution-based action plans to improve coordinated transportation services.

*Section 5310 Elderly and Individuals with Disabilities Program Strategies:*

1. Maintain existing service / fleets
2. Maintain and increase coordination / efficiency between all transportation providers
3. Expand existing service / fleets
4. Increase public awareness of available services and programs offered by providers that are available to them
5. Provide transportation to destinations outside of the current service area
6. Provide transportation within and in particular outside of the current service schedules
7. Facilitate multiple destination trips from “most appropriate” service provider. (ie. daycare/job)
8. Inform the public about transportation services available in the community and train
9. them to use the services to access services, obtain medical care, get to work, job training, and child care as efficiently as possible

This plan fulfills the requirements of the Federal Transit Administration (FTA) under the Fixing America’s Surface Transportation (FAST) Act, signed into law as a reauthorization of surface transportation programs through Fiscal Year 2020. According to requirements of the FAST Act, locally developed coordinated public transit-human services transportation plans must be updated to reflect the changes established by the FAST Act legislation. The FAST Act applies new programs and rules for all Fiscal Year 2016 funds and authorizes transit programs for five years.

Transportation is a critical component of the communities in Guernsey County. Transportation provides access to jobs, education, health care, human services and allows all community members, including older adults and people with disabilities, to live independently and engage in community life. It is the purpose of this plan for local stakeholders to work collaboratively to do the following activities:

1. Promote opportunities to connect Guernsey County residents to transportation services and transport opportunities within Guernsey County and when possible outside of the county to preferred medical facilities and other community assets and resources. Other resources include Guernsey County Senior Center Transportation Department working together with SEAT to ensure we minimize gaps on service, County wide demand response system 8 a.m. to 8 p.m. (Senior Center), JFS, VA, and Society for Equal Access.

2. Identify and Prioritize community transportation needs:
  - Out of county transport
  - Expand hours of Operation
  - Meet the needs of the smaller rural area
  - Coordination and Customer Experience
  
3. Establish a clear plan for achieving shared goals by building on Guernsey County’s strength in collaboration, communication and “hands-on” experience with coordinating agency transportation services. Continue supporting existing transportation services while exploring other organizational models that expand general public transportation options.
  
4. Maintain and enhance existing collaboration agreements among key transportation service providers.
  
5. Increase general public resident awareness of/appreciation for how to obtain access to Guernsey County services.
  
6. Build further planning participation. Further encourage all private companies, public agencies (City of Cambridge, smaller rural townships, and Guernsey County), providers/funders to join the planning process to assure best use of resources based on a needs-driven delivery system.
  
7. Increase participation/discussion with employers and locally elected officials – assure they are informed and involved.
  - a. Define how to enhance mobility options of Guernsey County residents.
    - i. Investigate connections from rural areas to Cambridge and Cambridge to areas located outside of Guernsey County.
  - b. Develop work-related access to newly identified employment sites.
  
8. Further explore options (e.g., transfer relationships) to connect with transportation providers in adjacent and other frequently requested counties (Tuscarawas, Muskingum, Noble, Belmont, Franklin, and Cuyahoga,).

Fundamental to the Coordinated Transportation Plan process is the active and meaningful involvement of stakeholders. For projects selected for funding under the Section 5310 program, participation in planning activities must include participation and/or representation of the following, at minimum:

- Seniors;
- Individuals with disabilities;
- People with low incomes;
- Public, private and non-profit transportation providers;
- Human services providers, and;
- The general public.

#### **Guernsey Co. Senior Citizens Center, Inc. Stakeholder Involvement Activities**

Through the input and involvement of various community agencies it was hoped to obtain each agency’s and/or representative’s perception(s) of transportation needs of target populations; and to develop inventories of available services for target populations. Responses from 13 stakeholders were tabulated and shared with participants in a follow-up meeting held on October 24, 2007 and has been updated in 2009, 2010, 2011, 2012, 2014, 2016, 2017, 2018. The responses are summarized in this plan under “stakeholder assessment” and “inventory

of transportation services.” To view stakeholder involvement activity, please review committee notes in Appendix D.

In addition, further assessments and surveys have been developed and will be made available through various participating agency’s website links throughout Guernsey County, as well as through distribution of the Guernsey County Coordinated Transportation Planning Committee to their clients, customers, and other county residents. A news article was included in *The Daily Jeffersonian* reporting on the planning process. GCSCC continues to participate in regional coordinated transportation meetings hosted by OMEGA and ODOT as well.

### **Action Planning (Strategies and Priorities).**

Consistent with the Guernsey County Coordinated Transportation Committee-adopted work plan, an action planning session were held throughout 2017 & 2018. Invitations and information packets were mailed to 15 persons/agencies representing Guernsey County Coordinated Transportation Planning Committee members and additional stakeholders who indicated an interest in participation. The goal of the session was to think strategically about each planning goal and key issues/gaps identified through the assessment process by exploring the following questions:

- What are our priorities?
- Where, as a committee, is a good starting point?
- Where do we have leadership to move forward?
- Where are we likely to already have existing success?

The following represent the prioritized implementation strategies based upon a discussion of resources, time and feasibility for implementing specific strategies and activities identified in the October 19th action planning session and has been updated in 2009, 2010, 2011, 2012, 2014, 2016, 2017, and 2018. Appendix A includes the minutes and a listing of the October 24th, 2007 participants. Appendix A includes consensus action items identified to address service gaps, enhance existing collaborations and minimize duplication where permissible. These items were prioritized and further discussed to reach consensus on the prioritized implementation strategies. The participants agreed that further planning participation could be encouraged by requesting that CEOs of all major publicly supported agencies and the County Commissioners to sign off on the final plan. More information about the planning committee can be found in Appendix A.

### III. Assessment of Available Services

Conducting an evaluation of service provider capabilities and analyzing the existing gaps and duplications of services for transportation resources in each community provides transportation planners with the information needed to implement changes that will improve the network of transportation resources and services in Guernsey County and across county lines.

The Guernsey County Senior Citizens Center identified stakeholders to participate in the assessment of available services. These stakeholders included those who were represented in the current or past planning committees, as well as others who the planning committee identified as being appropriate stakeholders.

Interviews were conducted with each of the identified stakeholders.

The purpose of the interview was to offer the stakeholders an opportunity to discuss the specific transportation services, gaps, needs, and priorities for their respective service areas or communities.

When applicable, information reported in the previous coordinated plan was used to supplement information gathered during this planning effort.

### Inventory of Transportation Providers

#### Astoria Place of Cambridge

Open 24 Hours  
8420 Georgetown Rd  
Cambridge, OH 43725  
(740) 439-4401.....1 van

#### Cardinal Place

Open 24 Hours  
163 Meadow park Drive  
Cambridge, OH 43725  
(740) 421-3228.....1 van shared with sister facility in Woodsfield, OH

#### Cambridge Place

Open 24 Hours  
1480 Deerpath Drive  
Cambridge, OH 43725  
(740) 255-5005.....1 3 passenger van w/ wheel chair lift  
thitzel@cambridgeplaceal.com

#### Cambridge Care and Rehab

Open 24 Hours  
1471 Wills Creek Valley Dr.  
Cambridge, OH 43725  
(740) 439-4437  
kthomas@cambridgecareandreehab.com

Southeastern Ohio Regional Medical Center

Open 24 Hours  
1341 Clark St.  
Cambridge, OH 43725  
(740) 439-8000..... None (outsourced to united)  
jdyke@seormc.org

Maple Heights Apartments

Open 7:30 a.m. to 4:00 p.m. M-F  
1100 Maple Court  
Cambridge, OH 43725  
(740) 439-0731..... 1 7 passenger mini van

Altra Care

Open 24 Hours  
66731 Old Twenty One Rd.  
Cambridge, OH 43725  
(740) 432-771..... 1 15 passenger van w/ wheel chair lift

Country View Assisted Living

Open 24 Hours  
62825 County Home Rd.  
Lore City, OH 43755  
(740) 489-5351.....1 10 passenger van w/ wheel chair lift  
sbennett@guernseycounty.org

Cambridge Heights Apartments

Open 8 a.m. to 5 p.m. M-F  
1525 Elm St.  
Cambridge, OH 43725  
(740) 439-2079.....1 15 passenger van w/ wheel chair lift  
kgrey@erslife.org

Southeast Area Transit

Open 8 a.m. to 4 p.m. M-F  
756 Wheeling Avenue  
Cambridge, OH 43725  
(740) 439-3393  
(740) 454-8573.....5 14 passenger bus w/ wheel chair lift  
10 passenger bus w/ wheel chair lift  
7 passenger van w/ wheel chair lift

Community Development Corp

Open 8 a.m. to 4:30 p.m. M-F  
905 Wheeling Ave  
(740) 439-0020.....1 7 passenger van 4 10 passenger buses w/ wheel chair lift  
rgombeda@guernseycountycdc.com

United Ambulance

Open 24 hours  
1331 Campbell Avenue  
Cambridge, OH 43725  
(740) 439-4880.....2 2 passenger ambulette w/ lift  
jstar@seormc.org

Mayor Estates

Open 8:30 a.m. to 4:30 p.m. M-F  
Mayor Estates Dr  
Cambridge, OH 43725  
(740) 439-0414.....1 7 passenger van

VA Department

Open 8 a.m. to 4 p.m. M-F  
627 Wheeling Ave # 102  
Cambridge, OH 43725  
(740) 432-9294.....1 5 passenger station wagon and 1 7 passenger van

Society of Equal Access

Open 8 a.m. to 4:30 p.m. M-F  
Open Saturdays by Appt. Only  
1458 5th St NW  
New Philadelphia, OH 44663  
(888) 213-4452.....24 Vans (Only Operate in Guernsey County through PassPort)  
amears@seailc.org

Job and Family Service's

Open 7:30 am – 4:00 pm  
324 Highland Ave  
Cambridge, OH 43725  
(740) 432-2381..... Able to contract transportation services  
Neal.Murdock@jfs.ohio.gov

Guernsey County Senior Citizens Center Transportation

Open 8 a.m. to 8 p.m. M-F  
1022 Carlisle Ave  
Cambridge, OH 43725  
(740) 439-6681.....4 Vans and 5 wheelchair capable vans

## Existing Transportation Services

The following information is based on tabulations from the survey and interview results. A total of 2 organizations provided information about their services. \*Please note all survey results have not been sent back from local agencies. As results are sent back this section will be updated.

### List of Transportation Service Providers

**Agency Name:** Guernsey County Senior Citizens Center

**Transportation Service Type:** Demand Response

**Other Services Provided:**

**Contact Information:** Michael Hess 740-432-3838

**Hours:** 8am to 8 p.m.

**Service Area:** Guernsey County

**Eligibility Requirements:** Age 60 or older

**Web-site:** [www.guernseysenior.org](http://www.guernseysenior.org)

**Agency Name:** Guernsey County Department of Job and Family Services

**Transportation Service Type:** Non-Emergency Transportation, Medicaid

**Other Services Provided:**

**Contact Information:** Elizabeth Watson, Transportation Coordinator, Neal A Murdock, Supervisor

**Hours:** 7:30 am – 4:00 pm

**Service Area:** 150 mile radius from Medicaid recipient household

**Eligibility Requirements:** Determined eligible for Ohio Medicaid coverage and requested transportation services

**Web-site:** [www.guernseycountyjfs.org](http://www.guernseycountyjfs.org)

**Agency Name:** Countryview Assisted Living

**Transportation Service Type:** N/A

**Other Services Provided:** Countyhome

**Contact Information:** Shannon Bennett (740) 489-5351

**Hours:** 8 a.m. to 4 p.m.

**Service Area:** N/A

**Eligibility Requirements:** N/A

**Web-site:** <http://www.ohiocountyhomes.org/guernsey.html>

**Agency Name:** South East Area Transit

**Transportation Service Type:** Demand Response

**Other Services Provided:**

**Contact Information:** Howard Stewart (740) 454-8573

**Hours:** 8 a.m. to 5 p.m.

**Service Area:** Guernsey County, Muskingum County, Trips one-way up to 150 miles

**Eligibility Requirements:** None

**Web-site:** <http://seatbus.org/>

**Agency Name:** Veteran's Services

**Transportation Service Type:** Demand Response

**Other Services Provided:**

**Contact Information:** Karen Johnson (740) 432-9295

**Hours:** 8 a.m. to 4 p.m. M-F

**Service Area:** VA medical facilities in Cleveland, Canton, and Chillicothe, Ohio

**Eligibility Requirements:** Veteran

**Web-site:** <http://guernseycounty.org/veterans-service/>

**Agency Name:** Society for Equal Access

**Transportation Service Type:** Passport program based

**Other Services Provided:**

**Contact Information:** Ada Mears (330) 343-9292

**Hours:** 8 a.m. to 5 p.m.

**Service Area:** Tuscarawas County and surrounding areas as instructed by the Passport Program

**Eligibility Requirements:** Resident of the County

**Web-site:** <http://seailc.org/>

## LIST OF TRANSPORTATION PROVIDERS

**Table 1: Organizational Characteristics**

The table below provides a summary of the characteristics of the participating transportation providers and organizations that purchase transportation on behalf of consumers.

Agency Name	Directly Operates Transportation (Yes/No)	Purchases Transportation from Another Agency (if Yes, Who?)	Legal Authority (Private Non-Profit, Private For-Profit, Public Non-Profit,)	Number of Annual One-Way Passenger Trips	Average Number Trip Denials per Week	Are Vehicles Only Available for Human Service Agency Clients (Y/N)*
Guernsey County Senior Citizens Center	Yes	No	Private Non-Profit	12,600	1	No
Guernsey County DJFS	No	Yes, G. Co. Senior Citizens Center, South East Area Transit	Gov't/Public	N/A	N/A	Yes, through contract

Veteran's Services	Yes	No	Gov't	450	none	No
Society for Equal Access	Yes	No	Non-Profit	26,000	none	No

\* Answering "Yes" indicates that your agency is closed door. Your agency is considered closed door if you ONLY provide transportation to your facility as a courtesy or if you ONLY serve a particular clientele that are enrolled in your agency programs (i.e. members of a sheltered workshop, or residents in a nursing home). Answering "No" indicates that your agency is open door. This means the service is open to the public or a segment of the general public defined by age, disability, or low income. For example, if an agency provides general transportation for anyone in the community who is over the age of 60, they are considered "open door". For example, an individual who is 60 or over can request transportation to a doctor's appointment or the grocery store regardless of their affiliation with your agency.

The participating organizations provide a wide range of transportation including fixed route, ADA paratransit, demand response, on-demand, and human service agency fixed routes. All of the participating organizations provide services on weekdays. No agency operates transportation on Saturdays and none on Sundays. Evening services after 4 p.m. are operated by 3 organizations. The following table depicts the transportation service characteristics by agency.

**Table 2: Community Transportation Service Characteristics**

<b>Agency Name</b>	<b>Mode of Service</b>	<b>Days &amp; Hours of Operation</b>	<b>Provides Medicaid-Eligible Trips (Y/N)</b>	<b>Level of Passenger Assistance Provided</b>	<b>Training Courses Required for Drivers</b>
<b>Guernsey County Senior Citizens Center</b>	Demand Response	8 am to 8 pm M-F	Yes	Any	Drive Training, Defensive Drive, CPR, First-Aid
<b>CountryView</b>	N/A	24 hours	N/A	N/A	N/A
<b>SEAT</b>	Fixed Route, ADA Paratransit, Demand Response,	8am to 5pm M-F	Only under NEMT from JFS	Curb to Curb Door to door	FTA and ODOT Compliance Training
<b>Veterans Services</b>	Fixed Route and Demand Response	Depends on the Client and Procedure	No	None	Physicals
<b>Society of Equal Access</b>	Demand Response and JFS	Whatever is Needed for the client	Yes	Door to Door	Drive Training, Defensive Drive, CPR, First-Aid

Transportation-related expenses and revenues also differ by organization. Fares and donations are common revenue sources for transportation operators in Guernsey County. The table below provides a summary of expenses and revenues for public and non-profit transportation programs.

**Table 3: Transportation-Related Expenses and Revenues**

<b>Agency Name</b>	<b>Fare Structure</b>	<b>Donations Accepted (Y/N)</b>	<b>Number of Full-Time &amp; Part-Time Drivers</b>	<b>Number of Full-Time &amp; Part-Time Schedulers/ Dispatchers</b>	<b>Revenue Sources (most recent Fiscal Year)</b>	<b>Total Annual Transportation Expenses</b>
<b>Guernsey County Senior Citizens Center</b>	Donation	Yes	8 Part time drivers and 5 sub drivers	2	Public Donations, State Subsidy, Area Agency Revenue, JFS Medicaid, Passport, Levy Support, 5310, Capitalized Maintenance, Operating Assistance	137,995.98
<b>SEAT</b>	Fixed Route \$1.00 Demand Response \$4.00 County Demand Response \$8.00	No	6 Full-Time	2 Full-Time	FTA/ODOT 5311	Guernsey County \$700,000
<b>Veterans Services</b>	No fare required for veterans	No	2 full time 2 part time	4 full time	Guernsey County and VA	15,000
<b>Society for Equal Access</b>	Depends on Income (free rides from Hospital)	Yes	28 Part-time drivers	2	ODOT, JFS, Capitalized Maintenance, Operating Assistance	800,000

The following table provides basic information about transportation options other than the traditional public and human services transportation. Transportation options might include bike share, ride share, intercity, or taxi services, and more.

**Table 4: Alternative/ Active Transportation Options**

<b>Transportation Option</b>	<b>Availability</b>	<b>Cost</b>	<b>Usage</b>	<b>Service Area</b>
No Other Services Available	N/A	N/A	N/A	N/A

# Assessment of Community Support for Transit

Community support includes Guernsey County Senior Citizens Center, Guernsey County DJFS, South East Area Transit (SEAT), Veteran’s Services, and Society for Equal Access

## Safety

Safety is the number one priority. For current and existing drivers, they are required to take the following classes: Bloodborne Pathogens, CPR Training, Defensive Driving, DRIVE Training, and Sensitivity to Aging. Along with taking those classes, drivers also do a 47 point vehicle inspection per Form ODA-0008 from the Ohio Department of Aging per vehicle, per shift. The vehicles also undergo a yearly inspection by a ASE (Automotive Service Excellence) certified mechanic. Drivers also undergo yearly DOT physicals, drug tests, and driver license checks.

## Vehicles

Survey/Interview participants listed a combined total of 72 vehicles. Approximately 52 % of the vehicles are wheelchair accessible. A vehicle utilization table is provided (Table 7)

All of the transportation providers have access to at least one vehicle. 59 % of agencies have wheelchair accessible vehicles, while some organizations have an entire fleet of wheelchair accessible vehicles. As time goes on it is hoped more vehicles are wheelchair accessible. As to ensure the fleet is able to be used by any and all people.

As vehicles age, they require additional maintenance, may break down more often, and become costlier to operate. Vehicle replacement, based on age and condition, is vital to the overall cost effectiveness of the transportation services provided.

**Table 7: Vehicle Utilization Table**

## Summary of Existing Resources

### South East Area Transit (SEAT)

South East Area Transit (SEAT) is a public transit system with a business office located at 224 Dewey Ave., Ste #8 Cambridge, Ohio 43725. The mission of SEAT is to provide safe, reliable and courteous public transportation through the efforts of trained and dedicated employees. Older adults, individuals with disabilities, people with low incomes and the general public can access SEAT transportation services offered in Guernsey and Muskingum Counties.

SEAT provides public transportation services to Guernsey and Muskingum Counties, and as-needed trips out of the area within the state for predominantly medical services. Services also include fixed route bus

service, the federally required paratransit services (EZ-Ride), enhanced demand response service (Express), and contracted services for various agency-referred clients. Services are available Monday through Friday in Cambridge and surrounding areas from 8am to 5pm. Fixed route services require no advanced reservations. EZ-Ride and contracted services require reservations at least 48 hours in advance but no more than two weeks. The Express service is provided as calls are received and no advanced reservations are accepted. Curb-to-curb transportation services are provided in all SEAT services. Drivers are permitted to assist passengers in and out of vehicles and with a limited number of packages. Per federal regulations, passengers are permitted to travel with an aide who is not required to pay a fare. Fares range from \$1.00 to \$10.00, depending on service offered. Elderly and Disabled rates are available with verification.

## **Guernsey County Community Development Corporation**

This service provides free transportation for local veterans of the Guernsey County area. Requests for transportation will be reviewed on a case by case basis ensuring that eligible persons are provided services for their needs. Medical appointments always have priority.

Proof of military service is required to be eligible for this benefit. All requests within Guernsey County require a 24 hour notice. Please leave a detailed message, someone will return your call within that 24 hours. This service is provided free of charge.

Our organization is a nonprofit 501 c 3 and does accept donations of any denomination to help defray fuel costs. If needing to cancel, be sure to cancel appointments with the DMV within 24 hours of scheduled appointment time. Anyone that receives Travel Pay from the VA is not eligible for these services. This service is restricted for Guernsey County residents. Columbus, New Albany and Dover appointments need to be scheduled before 1 p.m. All appointment times are subject to our approval and availability.

## **Society for Equal Access**

Society for Equal Access provides transportation services to people that live in Tuscarawas County and need transportation to medical appointments.

Society for Equal Access will transport people to medical appointments at medical facilities within a 150 mile (300 mile round trip) radius of Tuscarawas County.

S.E.A will also provide transportation on Saturdays and Sundays for shopping, day trips, and special group outings.

## **Job and Family Services**

Job and Family Services (JFS) are able to cover the cost of trips to eligible individuals.

## **IV. Assessment of Transportation Needs and Gaps**

In an effort to better understand Guernsey County needs, the planning committee continues to examine research and data, as well as solicited input from the community in an effort to gather information about needs and gaps in transportation services.

The demographic and socio-economic conditions of the study area are discussed in the Demographics Chapter of this plan. The following overview is an evaluation of the gaps in service based upon geographic data as well as from the perspective of the targeted populations, transportation providers, and the general public.

As the lead agency, Guernsey County Senior Center reached out to a variety of stakeholders in the area in an attempt to solicit input and request participation from any organization that could potentially be impacted by the

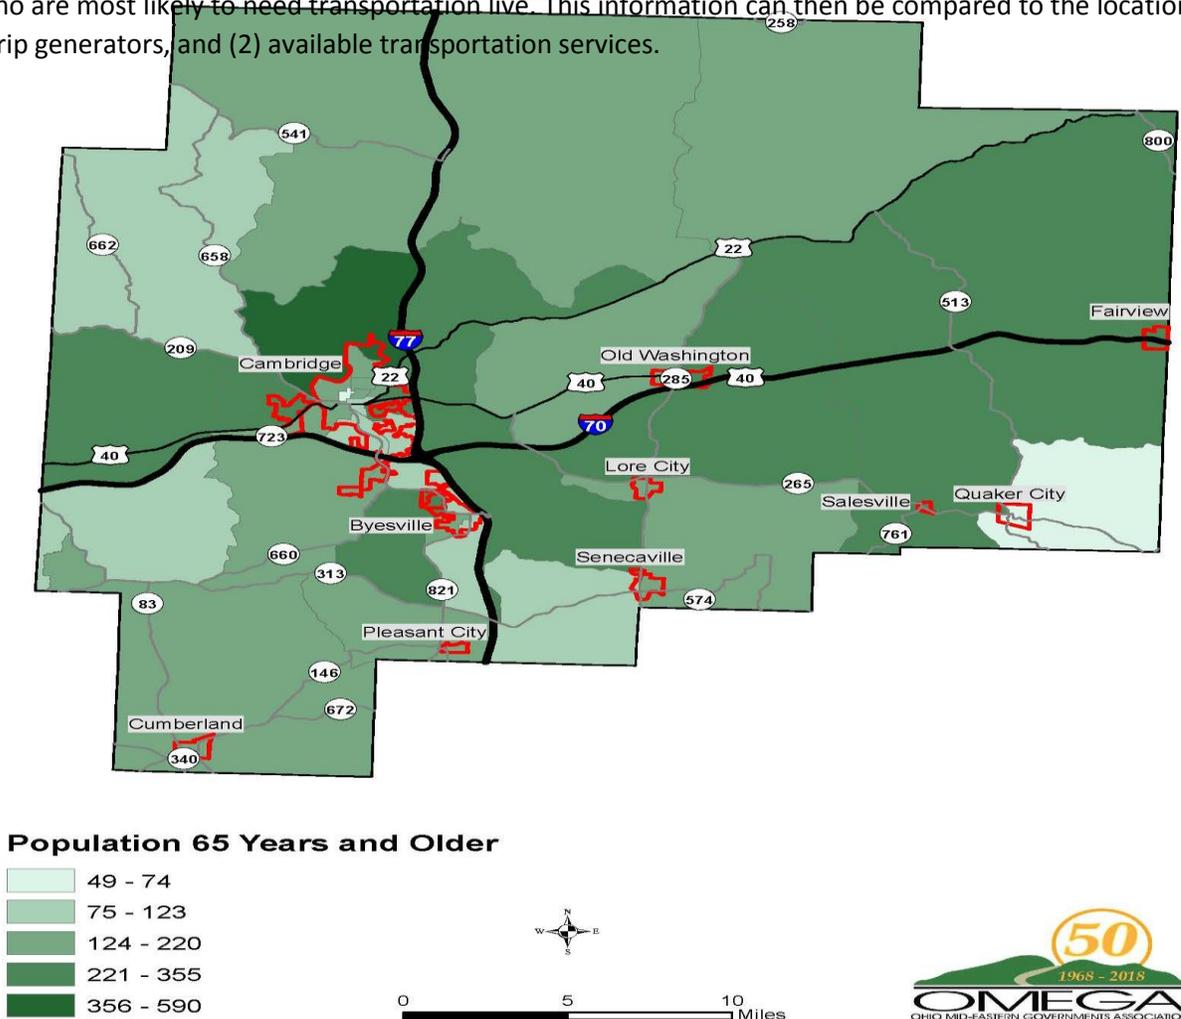

coordinated transportation planning process. Methods used are TAC meetings, provider input, Senior Advisory Council, Regional Meetings, and public input.

The following methods were used to assess transportation needs and gaps

- Assessment of data and demographics obtained and discussed with other agencies.
- Meetings with members of the general public and Seniors that use and/or are interested in using transportation.
- Public Input
- Provider Input
- Organized meetings
- Survey Responses
- Focus Groups

## Local Demographic and Socio-Economic Data

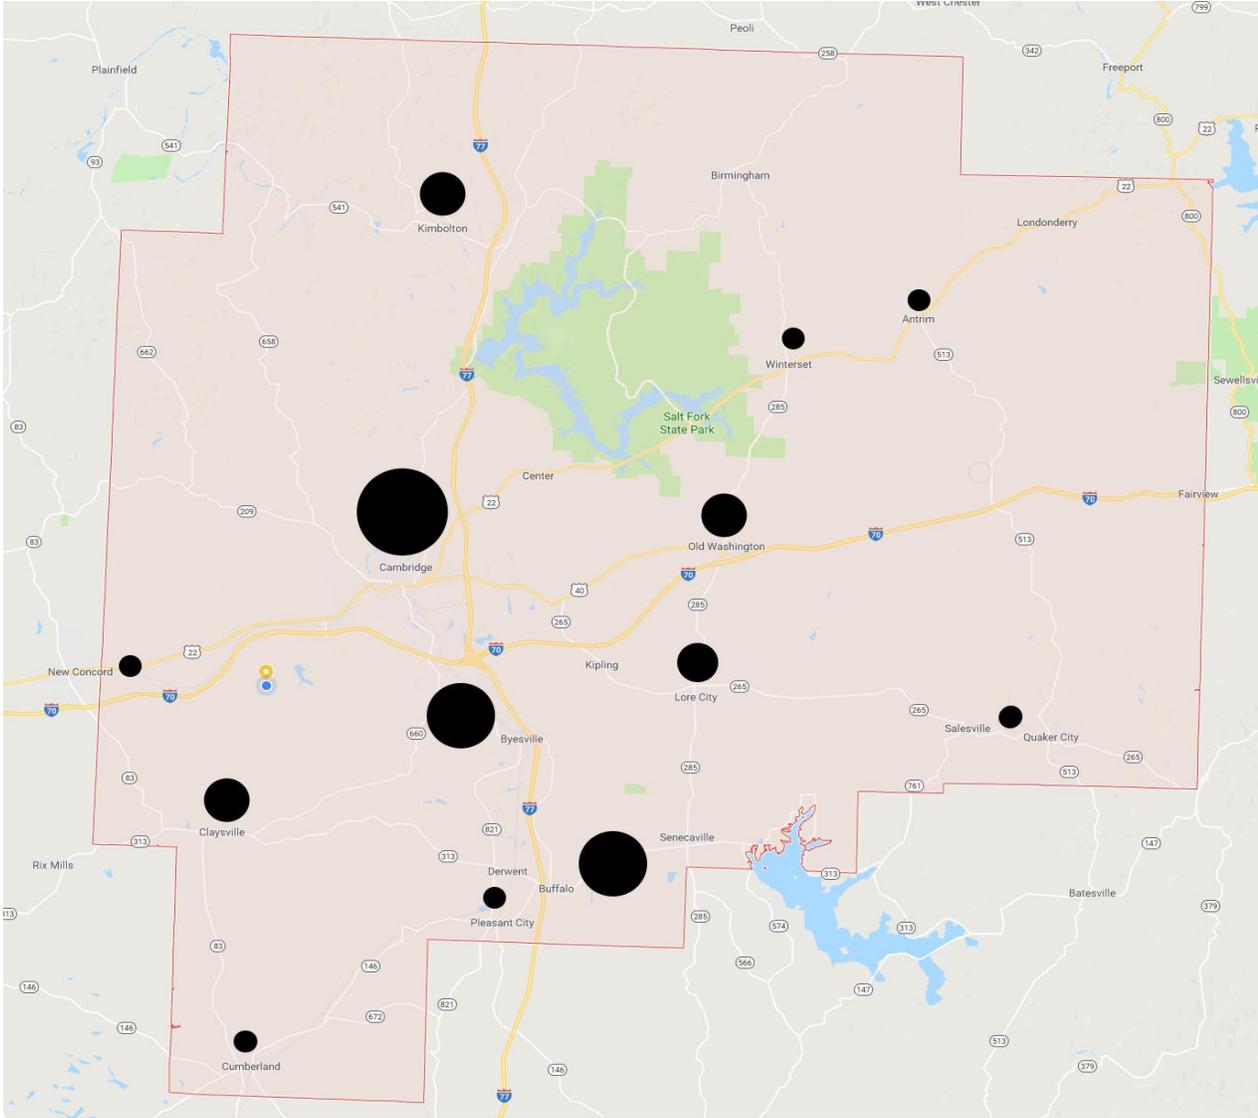

Data for each target population group were aggregated by Census Block Group for transportation analysis. The demographic and socio-economic data is valuable because a comparison of where the highest and lowest densities individuals who are most likely to need transportation live. This information can then be compared to the locations of (1) major trip generators, and (2) available transportation services.

## Major area trip generators are in order from highest to lowest.

Cambridge, Byesville, Quaker City, Kimbolton, Senecaville, Pleasant City, Cumberland, Lore City, Buffalo, and Salesville.

<u>In County</u>	<u>Out of County</u>
Cambridge (Medical, Shopping, Entertainment, Errands)	Zanesville
Byesville (Medical, Shopping, Entertainment, Errands)	Columbus
Lore city (Medical, Shopping, Entertainment, Errands)	New Concord
Kimbolton (Shopping, Entertainment, Errands)	Wheeling
Senecaville/ Buffalo (Shopping, Entertainment, Errands)	Marietta
Pleasant City (Entertainment, Errands)	Cleveland

## General Public and Stakeholder Meetings/Focus Groups

Guernsey County Senior Center hosted and facilitated 6 local meetings and focus groups to discuss the unmet transportation needs and gaps in mobility and transportation. A total of 96 people attended the various meetings. Of those, 80 percent self-identified as older adults and 10 percent self-identified as being a person with a disability. Please refer to Appendix D for meeting minutes. Guernsey County Senior Citizen Center continues to host and assess on an ongoing basis including 2009, 2010, 2011, 2012, 2014, 2016, 2017, and 2018.

During the meetings, agencies presented highlights of historical coordinated transportation in Guernsey County and discussed the activities since the last Coordinated Public Transit Human Services Transportation Plan that have helped to address some of the unmet transportation needs and gaps in services for the area.

Following the initial presentation, the stakeholders were asked to review the gaps in transportation services and needs from the previous plan/or update and identify any gaps that were no longer valid and any new needs/gaps, which the facilitator deleted/added to/from a list. The focus of the discussion was transportation for older adults,

individuals with disabilities, and people with low incomes. However, several topics discussed also impact mobility options for the general public.

After the changes to the needs/gaps list were completed and new needs/gaps were added, each participant was asked to rank the needs/gaps using colored dots representing a high, medium, or low priority or that the remaining gap/need should be deleted.

Participants discussed mobility issues to achieve, preserve, avoid, or eliminate through coordination during the meetings. Coordinated transportation stakeholders will consider these unmet needs when developing transportation goals and strategies, and grant applications. The exhibit at the end of this section provides a summary of the unmet mobility needs discussed during the meeting as well as the needs identified by the survey results.

## Surveys

The following summary includes the information gained from the following surveys that were performed.

### **Guernsey County Resident Survey:**

#### **Coordinated Public Transportation Plan**

**(486 surveys from the general public. 37% of individuals that completed the survey are disabled. 98% are considered older adults.)**

#### **1. Are you a resident of Guernsey County?**

- Yes: 482
- No: 4

#### **2. Which Guernsey County city or village do you live in?**

- Cambridge: 88
- Byesville: 11
- Kimbolton: 3
- Pleasant City: 2
- Buffalo: 2
- Cumberland: 1
- Lore City: 1
- Old Washington: 3
- Antrim: 1
- Center: 2
- Claysville: 1
- Indian Camp: 4
- Other: Zanesville (1); Westland (2); Sarasota, FL (2); New Concord (2); Middlebourne (1); Oxford (1).

#### **3. Please check your age range.**

- 51-64: 10
- 65+: 392

#### **4. What is your gender?**

- Male: 130
- Female: 296

#### **5. Do you have access to a reliable car?**

- Yes: 112
- No: 107

#### **6. Please check all of the places you regularly need to go. Check all that apply.**

- Work: 12
- School: 2
- Doctor: 297
- Hospital: 45
- Therapy: 18
- Parks: 19
- Grocery Store: 102
- Drug Store: 78
- Department Store: 58
- Barber Shop/Salon: 50
- Restaurant/Dining: 77

- Personal Business: 57
- Recreational Activities: 33
- Visit Family/Friends: 63
- Post Office/Bank: 80
- Social Service Agency: 12
- Day Care: 1
- Senior Center: 196

**7. How do you get to the places check in Question 6? Please check all that apply.**

<i>Sunday</i>	<i>2</i>	<i>3</i>	<i>1</i>	<i>1</i>	<i>1</i>	<i>1</i>

**9. Guernsey County provides public transportation through a variety of transportation service providers, including South East Area Transit (SEAT BUS). Are you aware of this?**

- Yes: 292
- No: 6

**10. Do you use SEAT?**

- Yes: 4
- No: 292

**11. If SEAT is not available, whom do you call next? •**

Friend: 5 • Neighbor: 1 • Relative: 1 • Taxi: 1 • Wife: 1

• Call Dr. or Medical Office: 1

**12. Have you been denied a ride from SEAT?**

- No: 23
- Yes: 24

**13. Do you prefer to utilize transportation services provided by the Guernsey County Senior Citizens Center over any other local transportation service provider (SEAT; Taxi; etc...)**

- Yes: 323
- No: 21

**14. Which of the following ranges includes your household income?**

- Below: \$15,000: 236
- \$15,000-\$25,000: 121
- \$25,000-\$50,000: 23
- \$50,000-100,000: 5

**15. Do you require wheelchair accessible transportation?**

- Yes: 13
- No: 182

**16. Do you require ADA special assistance and/or assistive services or devices when transported? (Interpreter, hearing or visually impaired equipment, etc...)**

- Yes: 3
- No:

**17. What transportation services that ARE NOT CURRENTLY AVAILABLE in Guernsey**

**County would best meet your transportation needs for you personally?**

- Public train
- Am Track
- Transportation to out-of-town Dr. Appointments
- City bus
- Airplane

## Challenges to Coordinated Transportation

In addition to identifying needs, the planning committee gathered information from stakeholders and used their own professional experience to identify challenges to providing coordinated transportation services. These challenges include the following:

- Funding
- Political support
- Lack of knowledge
- Understanding Coordination
- Problems of billing and accounting, Program-by-program variations in eligibility for services, reporting requirements, funding issues including differing matching ratios and funding cycles and Service regulations (such as prohibitions on crossing local or state boundaries)

## Summary of Unmet Mobility Needs

The following table describes the identified unmet transportation needs that were identified and the method used to identify and prioritize each need. Needs are listed in order of their rank in highest to lowest priority.

**Exhibit 1: Prioritized Unmet Mobility Needs**

Rank	Unmet Need Description	Method Used to Identify and Rank Need
1	Expanded Hours (goal achieved)	Poll
2	Out of County Transportation	Poll
3	Are needs of smaller rural areas being met	Poll
4	Transportation to Sunday Services	Poll

## V. Goals and Strategies

### Developing Strategies to Address Gaps and Needs

Strategies for improving transportation for Guernsey County should address the service gaps and user needs identified in this plan, if they are to be effective. As described, the gaps and unmet needs were based on information obtained from geographic analysis, the attendees participating in the meetings, and responses to the public survey.

Based on information gathered throughout the planning process, the Guernsey County Senior Citizens Center developed the following strategies to address the gaps and unmet transportation needs. Priority levels are assigned by considering the primary funding sources that could be available to support plan implementation compared to the importance of meeting this unmet need expressed by the public and stakeholders. Not all strategies are activities specifically eligible for funding under the existing programs, nor is it guaranteed that sufficient funding will be available to achieve every strategy identified. In addition, the local stakeholders will need to provide support and commit to pursuing the strategies if they are to be accomplished. Nonetheless, these strategies have been tailored to 4 of the identified primary gaps and needs.

Below is an outline describing the prioritized strategies to address each of the identified unmet transportation needs and gaps in service.

#### Goal #1:

To expand operating hours M-F

Strategy 1.1: Hired a evening driver and dispatcher

Timeline for Implementation: Goal achieved

#### Goal #2:

To achieve a fixed route service outside of Guernsey County to help clients with out of county medical appointment needs.

Strategy 1.1: The Guernsey County Senior Citizens Center has met with other Agencies that are familiar with out of county transport. With this information and given the chance to increase fleet size it would be possible to expand to out of county transportation.

Timeline for Implementation: 2019

Action Steps:

1. Apply for 5310 funds in the 2019-2020 ODOT grant cycle to obtain additional vehicles.
2. 4 vehicles to replace current fleet vehicles and add 2 new vehicles.
3. All wheelchair accessible.
4. Determine most desirable city destinations for seniors .

Parties Responsible for Leading Implementation: Guernsey County Senior Citizens Center

Parties Responsible for Supporting Implementation: Other agencies with feedback that are located in Guernsey County and also involved in the County Wide Coordinated Transportation Plan.

Resources Needed: Additional wheelchair accessible vehicles obtained through the Ohio Department Of Transportation 5310 program 2019-2020 grant cycle

Potential Cost Range: Depending on Vehicle cost and number obtained. \$10,000 to \$53,000

Potential Funding Sources: Ohio Department Of Transportation 5310 program, Capitalized Maintenance grant to save in repairs, and Operating Assistance grant.

Performance Measures/Targets: Number of trips per month, number of labor hours needed, maintenance and repair intervals

### Goal #3:

To better meet needs of smaller rural areas.

Strategy 1.2: The Guernsey County Senior Citizens Center has met with other agencies that are familiar with the smaller rural areas of Guernsey County. Since then we have launched a radio based marketing campaign to reach out to potential clients that need transportation.

Timeline for Implementation: On going.

Action Steps:

1. Decide on information included in ad.
2. Put out radio ad.
3. Ensure drivers are explaining our services to new and current clients.

Parties Responsible for Leading Implementation: Guernsey County Senior Citizens Center

Parties Responsible for Supporting Implementation: Other agencies with feedback that are located in Guernsey County and also involved in the County Wide Coordinated Transportation Plan.

Resources Needed: Additional wheelchair accessible vehicles obtained through the Ohio Department Of Transportation 5310 program 2019-2020 grant cycle

Potential Cost Range: Depending on Vehicle cost and number obtained. \$10,000 to \$53,000

Potential Funding Sources: Ohio Department Of Transportation 5310 program, Capitalized Maintenance grant to save in repairs, and Operating Assistance grant.

Performance Measures/Targets: Number of trips per month, number of labor hours needed, Maintenance and repair intervals

#### Goal #4:

Transportation to Sunday Services

Strategy 1.3: The Guernsey County Senior Citizens Center has met with other Agencies and have found that there are not any options when it comes to Sunday transportation. If successful in obtaining vehicles through the 5310 program this can change.

Timeline for Implementation: Currently being evaluated

Action Steps:

1. Apply for 5310 funds in the 2019-2020 ODOT grant cycle to obtain additional vehicles.
2. 4 vehicles to replace current fleet vehicles and 2 new vehicles.
3. All wheelchair accessible.
4. Talk with Churches to establish possible contracts.

Parties Responsible for Leading Implementation: Guernsey County Senior Citizens Center

Parties Responsible for Supporting Implementation: Other agencies with feedback that are located in Guernsey County and also involved in the County Wide Coordinated Transportation Plan.

Resources Needed: Additional wheelchair accessible vehicles obtained through the Ohio Department Of Transportation 5310 program 2019-2020 grant cycle

Potential Cost Range: Depending on Vehicle cost and number obtained. \$10,000 to \$53,000

Potential Funding Sources: Ohio Department Of Transportation 5310 program, Capitalized Maintenance grant to save in repairs, and Operating Assistance grant. Church Contracts.

Performance Measures/Targets: Number of trips per month, number of labor hours needed, maintenance and repair intervals

#### Goal #5:

Weekend operating hours.

Strategy 1.3: The Guernsey County Senior Citizens Center has met with other agencies and have found that there are no options when it comes to weekend transportation. If Sunday services are successful hours of operation will change to include operating on Saturday's giving the community more options on the weekend.

Timeline for Implementation: Currently being evaluated

Action Steps:

1. Apply for 5310 funds in the 2019-2020 ODOT grant cycle to obtain additional vehicles.
2. 4 vehicles to replace current fleet vehicles and 2 new vehicles.
3. All wheelchair accessible.

Parties Responsible for Leading Implementation: Guernsey County Senior Citizens Center

Parties Responsible for Supporting Implementation: Other agencies with feedback that are located in Guernsey County and also involved in the County Wide Coordinated Transportation Plan.

Resources Needed: Additional wheelchair accessible vehicles obtained through the Ohio Department Of Transportation 5310 program 2019-2020 grant cycle

Potential Cost Range: Depending on Vehicle cost and number obtained. \$10,000 to \$53,000

Potential Funding Sources: Ohio Department Of Transportation 5310 program, Capitalized Maintenance grant to save in repairs, and Operating Assistance grant.

Performance Measures/Targets: Number of trips per month, number of labor hours needed, maintenance and repair intervals

## VI. Plan Adoption

The Guernsey County Coordinated Transportation Plan has been in existence since 2007. The plan is continuously being updated with feedback from stakeholders such as older adults, individuals with disabilities, representatives from the public, private and non-profit transportation providers.

Successfully meeting the needs of transit-dependent populations requires the coordination and cooperation of private, public, and nonprofit entities willing to share resources in order to maximize their effectiveness and efficiency. Based on the self-assessment exercise, participation of meeting attendants, and past experience of the program, goals and strategies have been prioritized for the region.

**This plan was updated, reviewed, approved, and accepted by:**

2018 Senior Transportation Advisory Committee Group on October 11, 2018

2018 ODOT-Guernsey County Coordinated Transportation Providers on October 16th, 2018

2018 Guernsey County Commissioners by vote & resolution to appoint lead agency & approve plan on Oct. 24, 2018.

## Appendix A: List of Planning Committee Participants

The planning committee consists of representation from local agencies. More information about the planning committee is available upon request by contacting:

### Agency Representation

Name	Agency
Shon Gress and Michael Hess	Guernsey County Senior Citizens Center
Howard Stewart and Aldrea Thompson	South East Area Transit
Gary Lucas and Karen Johnson	Veterans Service
Melissa Best	Cardinal Place
Sara Kirkbride	Job and Family Services (JFS)
Kevin Hannahs and Allen Miller	Society for Equal Access

In addition to participants listed above, the planning committee also included representation of older adults, people with disabilities, and members of the general public. In addition to hosting a planning committee, Guernsey County Senior Center and other planning committee members also conducted a wide variety of activities designed to increase involvement of community stakeholders in identifying community resources, addressing community needs, and setting goals and priorities. More information about the efforts that occurred is available upon request.

To request additional information please contact:

Mr. Shon Gress

Guernsey County Senior Center, Inc.

1022 Carlisle Avenue, Cambridge, Ohio 43725

Tel: 740-439-6681

Email: [sgress@guernseysenior.org](mailto:sgress@guernseysenior.org)

## Appendix B: List of Annual Reviews and Plan Amendments

It is required that this plan be reviewed by the planning committee annually. For more information on when the next annual review will occur, how to be involved in the annual review process or to request information on how to make changes or corrections to this plan between annual reviews, please contact:

Shon Gress

Guernsey County Senior Citizens Center

(740) 439-6681

[sgress@guernseysenior.org](mailto:sgress@guernseysenior.org)

### Annual Review April 2018

2007: Plan created

2010: Plan Updated

2012: Plan updated

2014: Plan Updated

2016: Plan updated with county wide agency fleet info and surveys

2017: Plan updated with past meeting minutes and updated to conform to new ODOT template standard.

2018: (Oct. 2018) Plan was updated and formulated to new ODOT format/template; Plan was updated; reviewed; & approved through public input provided by senior advisory committee, local transportation providers; and county commissioner resolution.

## Appendix C: Definitions

There are several terms used throughout the plan that may be unique to transportation providers or human service agencies. The terms are defined here for reference.

**Coordination** – Collaborative efforts toward understanding and meeting the mobility needs in the most appropriate, cost effective, and responsive manner.

**FAST Act** – Congress established the funding for Federal Transit Administration programs through authorizing legislation that amends Chapter 53 of Title 49 of the U.S. Code. On December 4, 2015, President Obama signed the Fixing America’s Surface Transportation (FAST) Act, reauthorizing surface transportation programs through Fiscal Year 2020.

**Gaps in Service** – A break in the continuity of available transportation resources such as a break between hours of operation or a break between two or more geographic areas.

**Lead Agency** – The organization responsible for facilitating outreach; composing a plan that meets the requirements of current Federal and State legislation; maintaining documentation from the planning process and making it available upon request; and leading stakeholders through annual reviews, amendments, and updates of the plan. The Lead Agency also is responsible for submitting the adopted Coordinated Plan and all amendments or updates to participating stakeholders and ODOT.

**Planning Committee** – (indicate if the planning committee has another formal name) The Planning Committee is composed of key community stakeholders. The Planning Committee members agree to actively participate in the planning process and act as the plan advisory and adopting entity.

**Ridership** – The total number of passengers who boarded transportation vehicles are counted each time they board a vehicle.

**Section 5310 Program** – Enhanced Mobility of Seniors & Individuals with Disabilities (49 U.S.C. 5310) provides Federal formula funding for the purpose of assisting private nonprofit groups in meeting the transportation needs of older adults and people with disabilities when the transportation service provided is unavailable, insufficient, or inappropriate to meeting these needs. The program aims to improve mobility for seniors and individuals with disabilities by removing barriers to transportation service and expanding transportation mobility options.

**Section 5311 Program** – The Formula Grants for Rural Areas program provides capital, planning, and operating assistance to states to support public transportation in rural areas with populations of less than 50,000 where many residents often rely on public transit to reach their destinations. The program also provides funding for state and national training and technical assistance through the Rural Transportation Assistance Program. Sub recipients may include state or local government authorities, nonprofit organizations, and operators of public transportation or intercity bus service.

**Section 5307 Program** – The Urbanized Area Formula Grants program (49 U.S.C. 5307) makes federal resources available to urbanized areas and to governors for transit capital and operating assistance in urbanized areas and for transportation-related planning. An urbanized area is an incorporated area with a population of 50,000 or more.

**Transportation** – Transportation is broadly defined to include traditional transit, human service agency services, on-demand (taxi-like) services, bicycle and pedestrian programs and amenities.

**Unmet Transportation Needs** – Transportation that is wanted or desired but is not currently available.

# Appendix D: Meeting Minutes

## Senior Transportation Advisory Council Meeting

April 22, 2016

10:30 AM – 12:00 PM

Meeting was called to order by Shon Gress

### Members in attendance:

Shon Gress, Executive Director

Roger Davis, Transportation Supervisor

Stephanie Pfalzgraf, Community Outreach Coordinator

Mary Cowgill, Council Member

Janet Snodgrass, Council Member

Nancy Daniele, Council Member

### Introduction

Shon Gress began the meeting by welcoming council members

- Explained what is a Coordinated Transportation Plan
- Discussed the purpose of organizing an advisory council
  - -feedback on concerns and needs of community
  - -share info with other providers to help improve issues
- Categories of discussion
  - Top 5 Concerns
  - Top 5 Needs
  - Goals

### Top 5 Concerns Discussion

- Out of County Transport
  - Individuals with Doctors' or medical treatment in Cleveland, Columbus, etc.
  - Discussion about larger baby boomer population-increased activity after business hours into evening-causing Doctors' offices, clinics needing later hours of operation
- Hours of Operation
  - Days and hours available to be transported should be increased

- Geared around rush hour traffic and weather conditions
- Discussion about individuals who do not like driving in larger cities (Columbus, Cleveland, etc.) due to rush hour traffic (find it intimidating)
- Discussion about individuals who do not like to drive in snow, rain, etc.
- No weekend transport at all
- What do individuals do for groceries on weekends
- Are we meeting the needs of the smaller rural areas
  - Increasing isolation due to closing “mom and pop” stores, small bank branches, etc.
  - Discussion about how things have changed, some women didn’t drive, men did driving
  - Discussion about individuals not having family to help without “benefits”
  - Maintaining independence
- Transportation to Sunday Services
  - 75 yrs of age and older majority of rural church population, backbone of most congregation
- How do most non driving seniors get there-may not have a way there but may have way home
  - Create fixed route (i.e. school bus route) of individual churches
- Coordination and Customer Experience
  - Affordable and Accessible transportation
  - Improved experience when transit system can utilize efficiencies, cut waste
  - Discussion about interactions between clients and drivers of transportation very positive
  - Anecdote about individuals having issues with family not visiting them. Tricked them by sending family members unsigned checks-had to visit for individual to sign them

### **Discussion on segment of Senior Center Coordinated transportation Services**

Shon Gress distributed copy of the “ Identified Gaps in Guernsey County Transportation Services” segment of the Coordinated Transportation Plan to committee members for overview.

- Biggest concern is the out of county transportation
  - Cost of other options (taxi, ambulance, etc. ) very unaffordable
- Expand service hours
- Under age 60 transportation limited to SEAT, Job & Family Services, etc.
  - Working to drop age restriction from 60 years of age or older to 55 years of age or older
- Concern voiced by committee member about the inability to reach anyone at SEAT and
  - Another member agreed, having the same issue

## Prioritized Goals-Objectives for Guernsey County Senior Citizens Center transportation

Would happen in phases

### Phase One

Expanding our hours-Monday through Friday, 8:00 AM – 8:00 PM, two drivers and dispatcher

Discussion about the discovery of need for service by the need of a family member and their dialysis treatments

Ambulances doing most of the late return trips for dialysis patients due to no transportation options

Agreement with JFS to transport Medicaid clients anywhere in Guernsey County and New Concord

Can transport Passport/Medicaid clients out of county

Received grant for a technology update (radio transmitters)

Better service in rural/"dead" zones

RFP next few months-hope to put into effect late summer, early fall

### Phase Two

Weekend transportation

Gradual steps-see response to evening hours first

## Top 5 Needs Discussion

- Other providers increase quality of answering phone (customer service), no answering machine-human contact preferred
  - Attentive dispatcher must be a problem solver
- Pillow or blanket in vans for comfort
- 4 prong walker/cane (tall stool)
  - Respecting individual space (sanitary issues) by allowing them to use assisting de-vice if they choose instead of human contact
- Emergency kit in vans to include emergency blanket, glucose tablets, bucket, disposable bags etc.)
  - Discussion about the training of drivers, statistics of department.
- Marketing and Promotion for all transportation providers
  - What do they do and how are they utilized
  - Postings in newsletter and social media
- Discussion about how the use of services has changes as the population has changes (baby boomers)

## Goals of collected feedback

- Schedule meeting with relevant providers
  - Discuss concerns
- SEAT-why empty vans, no answer on phone calls, why are fixed routes only visible online, no benches or signs at stops
- Discuss schedule set trips out of county for a set fee
- Establish fixed (all day) routes to out of county apartments (ex. Columbus on Friday, Cleveland on Wednesday, etc.)
- Private pay option for out of county trips
  - what do members think is affordable
  - calculate cost of service in formula
  - escort companion rate option (extra fee)-what is affordable
- Discussed that once everything would like to do is finalized, can look at grant options to offset cost
- Look into what other counties have established for out of county transport
- Discussion about experience member had in Henry County, Virginia shuttle several clients to out of town medical appointments-driver was very attentive and checked on all passengers throughout the day.
- Expanded service can open up volunteer opportunities
- Discussed timeline
  - How quickly will things get established
  - Things will happen in phases-not everything at once
  - Will work with our group-then providers-then commissioners etc. (chain of command)

### **Comments or Concerns**

There were no additional comments or concerns voiced. Shon informed members if they ever had any comments or concerns at later date to contact him. "If a problem is unknown, it cannot be fixed".

**LOCATION:**

SOUTH EAST AREA TRANSIT 375 Fairbanks Street \* Zanesville, Ohio  
43701 \* (740) 454-8574 TRANSPORTATION ADVISORY COMMITTEE  
MEETING Monday March 9, 2015

**MEMBERS PRESENT:**

Kurt Ufholz, Cathy Smith

Michael Curtis, Tina Guthrie, Pat Denbow

**MEMBERS ABSENT:**

Kathy Jamiel

Jennifer Westfall

**ALSO PRESENT:**

Howard Stewart, SEAT Transit Director

Dianne Gill, SEAT Business Director

Linda Minter, SEAT Operations Director

Rich Wood, SEAT Maintenance Director

Arlene Johnson, SEAT Transportation Supervisor

**CALL TO ORDER:**

Mr. Stewart called the initial Transportation Advisory Committee (TAC) meeting to order at 10:00am.

**APPROVAL OF MINUTES:**

First meeting... no minutes from previous meeting

**REPORTS:**

Mr. Stewart welcomed the newly appointed members of the TAC to the first meeting. A round of introductions took place with each person present introducing them self. All SEAT Employees introduced themselves and gave a brief review of their job duties. Mr. Stewart said that the committee is comprised of members from varying organizations.

Mr. Stewart referred all present to the By-Laws that were distributed. He stated that all members had been approved and appointed by the South East Area Transit Board of Trustees. He stated that the committee is charged with making recommendations for service issues that can be brought to him to research and present to the Board if applicable.

Mr. Stewart stated that Section 2.1(C ) needs to be revisited.

Information sheets were distributed for each of the members to complete and return.

Mr. Stewart stated that there would need to be a Chairperson and a Vice-Chair elected from the committee members. He asked that people let him know if they are interested and to take time to think about it. He stated that we should wait until all members are present in order to make the offer to them as well.

Mr. Stewart reviewed what SEAT does. He shared the Rider's guide. Mr. Stewart also stated that the guide is on our website. He stated that scheduling individuals is like a puzzle. Every day there is a different puzzle to complete.

Cathy Smith asked if we provided transportation to schools, other than the transportation provided for Muskingum DD and Mr. Stewart stated that we do not. Michael Curtis asked why we don't use vans to transport an individual instead of using a large bus. Mr. Stewart explained that the vans do not support a large wheelchair. It also isn't efficient in our scheduling to always use a van to pick up one person. That driver may have to pick five people up at the next stop, so taking time to drive back to the garage in order to change vehicles isn't time efficient.

Mr. Curtis asked about offering Saturday service. Mr. Stewart explained that it is too costly. We would need to come up with an additional local match of approximately \$75,000 just to offer Saturday service. He stated that not only would we need drivers; we would also need mechanics, dispatch and management to be present as well.

Mr. Curtis complimented Ms. Minter and her staff. She said that they always treated him courteously and gave him great treatment.

Mr. Curtis asked about having a driver on the TAC. Mr. Stewart explained that it is difficult because of scheduling, but we will consider it. We would have to take a bus and driver out of revenue service in order to do so.

Ms. Minter reviewed the Operations report showing the numbers of riders we have had this year. The weather has caused ridership to drop in the month of February. She explained different services we offer.

Mr. Stewart wrapped up by saying that Transit is a different type of operation. The regulations, rules and compliance are very stringent and must be adhered to.

The next scheduled TAC meeting is for Monday June 8th, 2015 at the Transit Center at 224 Main Street, Zanesville, OH.

Meeting was adjourned at 10:51 a.m.

Rich Wood, SEAT Maintenance Director

Arlene Johnson, SEAT Transportation Supervisor

## CALL TO ORDER:

Mr. Stewart called the Transportation Advisory Committee (TAC) meeting to order at 10:03am.

## REPORTS:

Mr. Stewart reviewed the by-laws with the committee to see if they feel any changes need to be made. Mr. Stewart stated that Cathy Smith volunteered to be the Chair of the Committee and Michael Curtis volunteered to be Vice-Chair. No suggestions were made for changes of the by-laws by the committee.

Mr. Stewart informed the committee that SEAT would be getting two new vehicles this year from ODOT. One is a 16 passenger, 2-wheelchair vehicle and the other is a 12 passenger, 2-wheelchair vehicle. The 16+2 will be for Muskingum County and the 12+2 will be for Guernsey County. Mr. Stewart explained that the vehicles are funded 80% ODOT, 20% Local match. He stated that our fleet was outdated and that we were trying to update it.

We are transitioning to tablets for the buses instead of pen & paper. We will be starting the tablets with the street routes first, then demand response.

Our grant will be submitted in October for 2016 funding. We are given a dollar amount by ODOT, and we have to write the budget around it. Mr. Stewart stated that our contracts keep us going with Local match.

Mr. Stewart stated that he met with Mr. Gress and Mr. Hess to discuss the Guernsey County Coordinated Transportation Plan. They plan on getting together to update it. Muskingum County does not have one. Ms. Smith spoke up and said a plan would be very helpful for them.

Ms. Minter reviewed the Operations reports for March, April & May. The three month period of ridership (March – May) is up over last year at this time. Ms. Minter said the ridership increases during the summer months due to the children being home from school and medical appointments for them.

Ms. Guthrie spoke up and said in addition to the JFS medical transportation done by SEAT; they issued well over 600 gas cards last month as well. She said that the struggles they have are with documentation of the visit and the lack of notice given by the client for this need. The JFS numbers were discussed.

Discussion was held concerning public transportation and the negative attitudes toward riding it. Weekend and evening hours were also discussed.

Mr. Stewart said that we cover North, South, East and West of the areas. We try to plan routes so that they are environmental justice appropriate. Mr. Stewart said we will speak to any groups that would like us to speak to let the population know what services we have available.

Mr. Wood spoke about our Maintenance Department. He reviewed the May report and explained what each line item means.

The election of officers was held. Ms. Cathy Smith and Mr. Michael Curtis were nominated for the position of Chairperson and Vice-Chairperson respectively. A motion was made by Ms. Westfall to approve and elect Ms. Smith as Chairperson and Mr. Curtis as Vice-Chairperson, second by Mr. Denbow. **Vote: (Verbal) In Favor – Unanimous at 10:41am.**

Ms. Smith explained that things are changing at the MRDD. The Olmstead class action suit stated that people should not be living in institutions or developmental centers. Now the DOJ is carrying that class action suit further by stating that the county board should not be providing adult services. Because of that, they are looking at privatization. Transportation is one of the services that would be privatized. This should be in place by the end of 2016. There are waiver dollars available.

Mr. Stewart stated that SEAT has met with Guernsey Industries. He explained that we used to have a Medicaid number but we let it go due to the fact that we weren't providing transportation under it. We are working on updating our number.

Ms. Smith said that the individuals will have free choice of provider. She stated that this is the biggest change she has ever seen in this field. She stated that they have to help the individuals down the "path of employment" and to keep trying to make them employable.

Ms. Stewart passed out the Transit Needs Study for Muskingum and Guernsey Counties. There were 63 entities that had input on this study. Muskingum County was the number one county contributing input.

Ms. Guthrie spoke up and said that they have a new Director at the Muskingum County JFS. His name is Troy McCollister. He comes from Guernsey County JFS. He is very community oriented. Mr. Gress stated that Mr. McCollister was very instrumental in the developing of the Coordinated Transportation Plan in Guernsey County.

Mr. Denbow said that the City of Zanesville is doing their comprehensive plan. He stated that Mr. Stewart would be asked to take part in it. Mr. Stewart said that Jay Bennett had already been in touch with him.

Ms. Paul stated that the new Director is doing well at the Muskingum County Center for Seniors.

Mr. Stewart said both Muskingum County and Guernsey County are very lucky to have fixed route and demand response service.

The next scheduled TAC meeting is for Monday September 14, 2015 at 10:00am at the Transit Center at 224 Main Street, Zanesville, OH.

Meeting was adjourned at 11:00 a.m.

**APPROVAL OF MINUTES:**

The June minutes were reviewed. A correction was made changing MRDD to DD. Ms. Guthrie made a motion to accept the minutes as corrected, with a 2<sup>nd</sup> by Mr. Denbow. **Vote: (In Favor) – Unanimous at 10:04am.**

## REPORTS:

Mr. Hess announced that they had received a grant for two vehicles. One is a 16 and 2 bus and the other is a wheelchair accessible van. They've been seeing an increase in riders in Guernsey County. They have had to hire another driver. He said that he is working on getting his staff CDL trained.

Ms. Smith stated that the County Board is working on privatizing the Adult transportation. Their goal is to have it done by the end of August. They will start separating students and adults at that time.

Mr. Stewart stated that the reason the Guernsey County Senior Center was able to get a vehicle off the ODOT State Term Contract was because they have a coordinated transportation plan in Guernsey County. Mr. Stewart said he is working on getting one in Muskingum County as well. He stated that the current TAC committee would probably become the Coordinated Transportation Plan committee when it is created. He would like to have it created by the first quarter of 2016. He stated that the last time there was a meeting to get the plan started, of the 40 people who showed up, 38 of them were looking for transportation.

Ms. Smith asked Mr. Stewart to give his report. He stated that our 5311 application has been submitted to ODOT. He stated that ODOT is using a new Grants Management Program called Black Cats. Ms. Smith asked what 5311 was. He stated it was the Operating funding from ODOT for us. Mr. Stewart said that there are changes to the ADA policies. One example is the No-Show policy. There are several concurrences that have to be submitted for approval. We also have the Inter City, Intermodal grant for ticketing assistance. This is known as 5311(f).

Ms. Minter presented August through November Operations Reports for the TAC committee to review. Ms. Minter stated that the report shows all ridership in both counties. She stated that October was extremely high. She stated that everything was up in numbers. She stated that we also have private contract drivers who use their own vehicles driving out of town for JFS recipients. She stated that our biggest issue in operations is cancellations and no-shows. Mr. Stewart said the biggest thing is education of the passengers. Once the passengers are educated, things flow smoothly. Ms. Minter stated that the radius for contract drivers in Guernsey County JFS is 150 miles and for Muskingum County, there is no radius.

Mr. Stewart said that we received a support vehicle. We also had a new floor put in as well as some new doors. He stated that our Board has a vehicle donation program and stated that if anyone knew of a 501 C (3) who needed a vehicle, they could let us know. Ms. Gill stated that the application was on our website and could be submitted through the website.

Ms. Gill gave the Business Director's report. She stated that we are in the process of getting our Medicaid number to become a provider. Through our research we discovered that our old number never was retired. Ms. Gill was told initially that our number was no longer in the system. During a follow up phone call, she was told that the number is not inactive, and that we were still in the system as active. Ms. Guthrie asked if that meant that we would be able to bill Medicaid under waiver for transportation. Ms. Gill stated that we haven't had a chance to look into it further. Ms. Smith mentioned that the certification to transport DD individuals was different than just a regular waiver. Ms. Jamiel asked if we could bill Medicaid now for transportation instead of going through them. Ms. Gill stated that at this point, we do not know. All we know is that we have an active number and that it is waiver transportation, but we are not sure of what type of waiver. The billing is all done online. Mr. Stewart stated that this is a new area for us. Ms. Gill stated that she asked Medicaid about training and the agent told her that the trainings were available online, but we would be more than happy to travel for the trainings in order to assure that the billing was being done correctly.

## OLD DISCUSSIONS:

There were no old discussions.

## NEW DISCUSSIONS:

Mr. Stewart said that in early spring, 2015, ODOT looked into the rural transit providers and their lack of communication equipment, dispatching software and infrastructure. They had a goal to get all rural transit providers on the same wavelength. The TIGER grant was approved and SEAT's portion of the grant is \$177,000. That money will not come directly to us. ODOT will tell us what we are to spend it on and how much. They will control the money. Ms. Gill stated that they will also be increasing the availability of broadband into rural areas. Mr. Stewart said that they are working with Connect Ohio. The TIGER grant is a four year grant.

Mr. Stewart also said that we have been working with the City of Zanesville to get a new fuel pump for the facility. The City of Zanesville is responsible for everything above ground, and we are responsible for everything underground. There are currently two diesel pumps and one regular. As it stands right now, if the regular pump were to go down, there wouldn't be another pump available, like there is for the diesel. Because of that, the City of Zanesville and SEAT joined together to purchase one of the new Regular fuel pumps, and to add a new island for it. Since we are part of the EMA/LEPC Emergency Response for the County, we need to have access to fuel. Because of that, we are also looking into purchasing a generator to keep the pumps running.

Ms. Guthrie stated that in May or June of 2016, they will start converting some Medicare individuals to Medicaid as part of the Medicaid expansion. She also said that they now have a Resource Self-Service Room for people to use. It has computers for those who don't have access to one. It can be used for applying for services as well.

Mr. Denbow stated that they are on the tail end of the Comprehensive Planning process. As soon as there is a good working document, they will submit it to council for approval. They will also be receiving input from the public as well.

Motion to adjourn at 10:45am by Ms. Guthrie, 2<sup>nd</sup> by Mr. Denbow.

Rich Wood, SEAT Maintenance Director  
Arlene Johnson, SEAT Transportation Supervisor

**APPROVAL OF MINUTES:**

The December 7, 2015 minutes were reviewed. Mr. Denbow made a motion to accept the minutes as presented, with a 2<sup>nd</sup> by Ms. Jamiel. **Vote: (In Favor) – Unanimous at 10:05am.**

Mr. Stewart stated that the 2017 Application will be coming out soon and we'll be working on that. He stated that the applications will most likely be due in August this year.

He also said that SEAT is in contract negotiations currently with Teamsters Local 637.

SEAT is being audited currently.

Ms. Minter gave the Operations Report. She stated that overall ridership is up. She stated that road construction has caused diversions, but people are adjusting to the time fluctuations.

Ms. Johnson gave the Guernsey County Operations Report. She stated that JFS contracts are up but street route is down, but only by approximately 30 riders. Contract rides are down a little. She stated that they are currently hauling a day care to and from the pool, two days a week. It is working out great for them. Ms. Minter said that SEAT is constantly evaluating routes and stops in order to improve our service and get people transported.

Mr. Wood gave the Maintenance Report. He stated that we just received a new bus and are preparing it for service. Once this bus is on the road, we will retire an older vehicle, or donate it to a 501 C 3. He reviewed the line items within his report. Total miles were a 7% decrease over the previous month.

Ms. Gill gave the Business Director's report. She stated that in April, all staff members present at this meeting attended the Ohio Public Transit Association's annual conference. Ms. Gill and Ms. Johnson attend a session given by Mr. Ken Albert of the Medicaid Consulting Group, Inc. Ms. Gill said that the day after our last TAC committee meeting, we had received a letter stating that our Medicaid number was no longer valid due to the fact that we hadn't billed with it in the past two years. Because of that, we have to go through the process of applying all over again. We were informed by Mr. Albert that in the invoicing process, if we were to pick up 5 individuals in one trip, we wouldn't be able to invoice the flat trip cost for each of those individuals. We would either have to take the total trip cost and divide it by the number of individuals, and bill for just that 1/5<sup>th</sup> amount, or if mileage was used, take the total number of miles for the trips and divide that number by 5 and bill Medicaid for each person's share. Ms. Gill stated that the majority of the audience were very surprised and said that it couldn't be right. Mr. Albert assured everyone that it was. Ms. Gill said that Mr. Chuck Dyer, Director of the ODOT Office of Transit, said that he has met key players to try to make this financially feasible for all of us. So as of right now, we are on standby. Ms. Smith said that it didn't sound right. Ms. Gill agreed and said that after the session, we were all walking up to each other saying "Is this what you are understanding?" and everyone left with the same consensus. Mr. Stewart said we are going to wait until we hear from ODOT. Ms. Smith said she thought it was the full amount for the first person, and half the amount for the 2<sup>nd</sup>, but she wasn't 100% certain. Mr. Stewart said that Mr. Dyer is still working with the Department of Aging, Department of Job and Family Services, Department of Insurance and the Department of DD to meet and talk about this. They are also looking at the regulations to combine them so it is a one fits all. Ms. Gill also said that they learned that if we were to pick up a DD individual whom we were billing Medicaid for, along with an Elderly individual who pays only \$2.00 for the trip, the all we could bill Medicaid for would be that \$2.00.

Ms. Jamiel expressed concern due to the fact that nothing has been changed in the Ohio Revised Code in regards to this, so she doesn't understand these reasons. Ms. Gill stated that was why we aren't moving forward until we have the guidance from ODOT. Ms. Gill stated that during the conference, the concentration was on DD due to the changes taking place

Ms. Gill said that many other transit authorities have also stated that it is taking up to a year to become approved to be a Medicaid provider. Ms. Johnson said in her discussions with Golden Rule, she was told that SEAT would get \$18.00 per person but that wasn't how it was presented at the conference.

The consensus is that it was extremely confusing to all who attended and that we would just wait for guidance from ODOT.

### OLD DISCUSSIONS:

There were no old discussions.

### NEW DISCUSSIONS:

Mr. Stewart stated that SEAT is in the process of having public meetings concerning our Express Service. Express Service is same day service that is not guaranteed. If someone calls in and says they need a ride somewhere, if we have a vehicle available, we will transport them. We have people who want to travel from the far northeast corner of Guernsey County to the far southwest corner of Muskingum County and \$10.00 just isn't feasible for us to do that. Mr. Stewart passed out a map of Guernsey County. He stated that in the city limits (Zone A), the cost would be \$7.00. In the next ring (Zone B), the cost would be \$10.00. In the 3<sup>rd</sup> ring, (Zone C) would be \$20.00. If someone crosses into the next county, that zone cost would be added. For example, the trip mentioned earlier, would now be \$40.00 each way instead of \$10.00 (\$20.00 Guernsey and \$20.00 Muskingum). The SEAT Board has approved it as well as ODOT. We are in the public meeting process currently. Those meetings will be the 17<sup>th</sup> of June in Muskingum County at the Library, and then on the 20<sup>th</sup> of June in the County Government building in Guernsey County, at 10:00am for each meeting.

Ms. Jamiel asked what the cost would be if it was pre-planned and scheduled ahead of time. Mr. Stewart said the cost would be the same. Ms. Gill stated that the difference would be that since it would be planned, you are guaranteed trip versus running the chance of a driver not being available by calling same day.

Mr. Stewart stated that the terms for TAC Committee members are one year. Ms. Smith is resigning so this is her last meeting. Mr. Stewart stated he will email all members to request they serve again. A new chair will need to be elected at the September 2016 meeting.

Mr. Davis stated that the Guernsey County Senior Center Transportation was extending their hours on June 13th to run in the evening until 8:00pm, Monday through Friday, for seniors, aged 60 and over. No out of town. They are hiring 3 new staff members to work in the transportation department. In the last 3 months, they have acquired a new van and a 16 passenger bus. Mr. Davis anticipated that there will be enough service to keep this running.

Our next TAC committee meeting will be September 12<sup>th</sup> at 10:00am at the Transit Center, 224 Main Street, Zanesville, OH.

Motion to adjourn at 10:31am by Ms. Jamiel, 2<sup>nd</sup> by Mr. Denbo

TAC Chairperson Witness

## **Senior Transportation Advisory Council Meeting**

**March 15, 2017**

**12:00 PM – 1:30 PM**

Meeting was called to order by Shon Gress

### **Members in attendance:**

Shon Gress, Executive Director

Michael Hess, Transportation Supervisor

Stephanie Pfalzgraf, Community Outreach Coordinator

Mary Cowgill, Council Member

Janet Snodgrass, Council Member

Nancy Daniele, Council Member

George Kohlman, Council Member

Joan Boyd, Council Member

Lucy Wolfe, Council Member

Habiba Nunn, Council Member

Copies of minutes from meeting held on April 22<sup>nd</sup>, 2016 were distributed to council members

### **Introduction**

Shon Gress began the meeting by welcoming council members

- Explained/Overview of Coordinated Transportation Plan
- Discussed the purpose of advisory council

### **Reviewed Top 5 Concerns Established in April 22<sup>nd</sup> Meeting**

- **Out of County Transport**
  - Out of County Transportation – Still an Issue
  - Discussed agreement with Job & Family Services (Medicaid Waver Transports)
    - Increased initial agreement
  - Discussed agreement with Area Agency on Aging Region 9 (Passport Transport)
  - Problems with Third Party Providers

- **Hours of Operation**
  - Discussed new extended hours
    - How things are working
  - Generation change
    - Later appointments at doctor, dentist, etc causing offices to extent their hours
  - Look to expanding into weekend hours (8:00 AM – 12:00 PM)
  - Discussion about individuals who do not like to drive in snow, rain, etc.
  - Discussed upcoming Coordinated Transportation Meeting
- **Meeting the needs of the smaller rural areas**
  - Still an issue
  - Community members becoming more resourceful
  - Discussion new software (Fleetmatics)
    - Improved efficiency
    - Funding received from ODOT
  - Grant received for vehicle maintenance-operation assistance
  - Will possibly be applying for grant in fall for new vehicles
- **Coordination and Customer Experience**
  - Members expressed issues with late pickups
  - Member would like to watch transportation department manager work
  - Discussed pros/cons of going all digital

### **Comments or Concerns**

There were no additional comments or concerns voiced. Shon informed members if they ever had any comments or concerns at later date to contact him. “If a problem is unknown, it cannot be fixed”.

### **Meeting Adjourned**

# **Guernsey County Coordinated Transportation Plan Providers & Partners Meeting**

**March 23, 2017**

**1:00 PM – 2:00 PM**

Meeting was called to order by Michael Hess

## **Members in attendance:**

Michael Hess, Transportation Supervisor

Stephanie Pfalzgraf, Community Outreach Coordinator

Karen Johnson, Guernsey County Veterans Services

Ron Gombeda, Guernsey County Community Development Corporation

Frank Toth, Guernsey County Community Development Corporation

Arlene Johnson, Southeast Area Transit

Neal Murdock, Guernsey County Job & Family Services

## **Introduction**

Michael Hess began the meeting by welcoming providers & partners in attendance

Apologized for Shon Gress absence, informed everyone he was at State House giving important testimony

Each individual stated name and organization in which they were representing

## **Overview & History of Guernsey County Coordinated Transportation Plan**

- Michael began with a brief history of the Guernsey County Senior Citizens Center, it's transportation department and the Guernsey County Coordinated transportation Committee
  - GCSCC in operation since 1972
  - Appointed lead agency in creation of Coordinated Transportation Plan
  - Plan is requirement of Safe, Accountable, Flexible, Efficient transportation Equality Act: A Legacy for Users
- Stephanie spoke on how Guernsey County Senior Citizens Center became lead on creation of the Plan
  - Ohio Department of Transportation had made efforts with County Commissioners to provide individuals to aid in the development of County Coordinated Transportation plans
  - Our local commissioners did not respond
  - Shon Gress addressed issue with commissioners expressing that if there was not a plan developed, no applications for grants/funds could be made
  - Commissioners appointed Shon at that time
- Michael then discussed what the benefits of the plan are
  - Enables GCSCC to be eligible to apply for ODOT 5310 Specialized Transportation funding

- Purchase new vehicles
- Plan updated in 2014 and 2016
- Would like to update plan in 2017 to include
  - Profiles for each transportation provider
  - Review and confirm priority points
  - Incorporate and include new updated county profiles & demographic data

#### **Review of Current Guernsey County Coordinated Transportation Plan**

- Distributed copies of the copies of Coordinated Transportation Plan
- Informed members the plan can also be viewed on our website: [www.guernseysenior.org](http://www.guernseysenior.org)

#### **Planning Goals of the Guernsey County Coordinated Transportation Plan**

- Michael discussed the goals of coordinated public transit-human services transportation action plan
  - Bring everyone back to the table to review plan and help make it better
  - Build upon the County's strengths of collaboration, communication, and "Hands on" experience
    - Evaluate current services
    - Investigate opportunities to connect County residents to transportation services
    - Further involve private stakeholders
    - Provide more options to agencies
    - Make participation an attractive proposition for transportation services
    - Identify gaps
    - Make recommendations on how to address gaps
    - Provide more access to transportation in cost effective manner

#### **Senior Transportation Advisory Council Meetings**

- Stephanie discussed the creation of the Senior Transportation Advisory Council
  - Have had two meetings to date
    - April 22, 2016
    - March 15, 2017
  - Distributed copies of the minutes from both meeting to members
  - She then went into review of the one major component of the meetings was to identify Top 5 concerns they (Seniors) have
    - **Out of County Transportation**
      - An ongoing problem
      - Individuals with medical appointments out of County (Cleveland, Columbus, Zanesville, etc.)
      - With "baby boomers" population increasing, later appointments=doctors, clinics with later hours
    - **Expanded Hours of Operation**
      - Evening transportation was a concern at first meeting

- Since then, GCSCC has extended hours until 8:00 PM on weekdays
- Weekend transport still concern
- With success of expanded hours may lead to
  - “Phase 2”-Saturday transport possible 8:00 AM – 12:00 PM
  - “Phase 3”-Sunday transport
  - Set routes to churches
- Gear toward rush hour and weather conditions
- Dislike of driving in larger cities (intimidating)
- **Are we meeting the needs of the smaller rural areas & villages**
  - Transportation needs increased
    - Increased isolation due to closing small stores, small banks, etc.
    - Individuals not having family to help without “benefits”
    - Maintaining independence
- **Transportation Weekends/Sunday Services**
  - 75 yrs of age + majority of rural church population
- **Improve Coordination and Customer Experience**
  - On going
  - Affordable/accessible
  - Improve experience when system can use efficiencies
  - Discussion with relationships between drivers/clients very positive

#### **What’ Needed in 2017 Plan?**

- Provider & Partner Profiles were distributed to members (were also mailed to them with their invite to the meeting)
- Asked to complete them and return them to GCSCC, or could be faxed
- South East Area Transit, Guernsey County Veterans Services, and Guernsey County turned their profiles in at this time
- Stephanie asked if there were any revisions that should be made to the Top 5 concerns discussed with the Senior Advisory Council
  - Nothing was mentioned

#### **Roundtable Discussion**

- Michael opened up to roundtable discussion
  - **GCSCC**
    - Ridership up
    - Increased Medicaid transportation
    - Introduction of evening hours
      - Slow increase at first but hope warmer weather and longer days will increase participation
    - Use of Fleetmatics system
  - **Southeast Area Transit**

- Introduced new Demand Response Program
  - Took place of express services
  - Can take individuals straight to dr apts
  - For general public
  - In town transport-\$2.00
  - \$2.00 trip
  - Discussed pick up points specific to each route
  - Gave Michael copies of route maps etc.
- Guernsey County & Zanesville trips
  - \$12.00 each way for those younger than 60
  - \$12.00 round trip for those 60 and older
- Columbus trips can be upwards of \$300 - \$400
- **Guernsey County Veterans Services**
  - Distributed a copy of their scheduled routes out of county and pick up points
  - Problems with getting clients to pick up points
  - Discussed with Southeast Area Transit about purchasing “tickets” for riders
    - Expire? (SEAT responded no)
    - Will be having a meeting on Monday with assistants – will discuss purchase of SEAT “tickets” since there is no expiration date
  - New addition of a 2016 Dodge Van (not handicap accessible)
    - Very lengthy process
    - Everything must be approved through VA
    - Then must go through Washington to accept
    - Must always take most direct route to out of county destinations
      - Chillicothe – Columbus
- **Guernsey County Community Development Corporation**
  - Services are for Veterans only
  - Hours are Monday through Friday 8:00 AM – 4:30 PM
  - Small Company
    - Not enough resources or man power
  - Are looking to expand to non-veteran services
    - Senior Citizens
    - Rural areas
  - Fuel costs hindering expansion
- **Guernsey County Department of Job & Family Services**
  - Discussed issues going on with state
    - Going to managed care
  - Increased transports with Senior Center transportation

#### **Additional Questions/Comments**

- Southeast Area Transit asked where funding for Guernsey County Senior Citizens Center transportation evening hours came from
  - Michael explained the grant received from ODOT
- Stephanie asked at this time if there was anyone else that members thought should have a presents around the table
  - JFS thought that Guernsey Industries should
  - Invite will be extended to them for next meeting

#### **Future Meetings**

- Michael expressed getting back on a regular schedule with meetings
  - Asked members if members would like to have quarterly or bi-annual meetings
    - CDC suggested quarterly
    - Opinion was noted and noticed will be sent out with date/time of next meeting

#### **Wrap up/Adjourn**

- Stephanie asked if there were any other questions/concerns or if there was anything that members thought should be discussed/covered that wasn't
  - Nothing was mentioned
- Members were thanked for being in attendance and meeting was adjourned at this time

**Guernsey County Coordinated Transportation Plan  
Providers & Partners Meeting  
Tuesday, October 24, 2017  
1:00 PM – 3:00 PM**

Meeting was called to order by Michael Hess

**Members in attendance**

Andrea Thompson, South East Area Transit  
Howard Stewart, South East Area Transit  
Gary Lucas, Guernsey County Veterans Services  
Karen Johnson, Guernsey County Veterans Services  
Shon Gress, Executive Director, Guernsey County Senior Citizens Center  
Michael Hess, Transportation Supervisor, Guernsey County Senior Citizens Center  
Stephanie Pfalzgraf, Outreach Coordinator, Guernsey County Senior Citizens Center  
Melissa Best, Director, Cardinal Place Assisted Living

**Introduction**

Michael Hess began the meeting by welcoming providers & partners in attendance.

- Each attendee stated their name and organization in which they were representing.
- Made special mention of the newest member, Melissa Best of Cardinal Place.
  - She was given a profile to complete about the Cardinal Place facility and transportation services they have available (if any).
- Howard Stewart asked to have a copy of their profile, which was completed previously, to be emailed to him.
- Michael said that he would do that as soon as possible.

**Coordinated Transportation Plan**

Michael then began speaking on the new updates on the coordinated transportation plan

- Need to identify community resources
- What programs do other organizations use for their clients who need transport

Shon asked if Michael could define exactly what information was needed from the organizations

- Items he needed were
  - Fleet size (if any)
  - Names of organizations/programs other individuals use if clients need transportation but they do not offer that service

## Organizational Transportation Descriptions

- Shon (Senior Center)
  - Senior Center transportation program only transports within the county, often must work with outside programs to assist their clients with out of town appointments
    - Work closely with
      - Southeast Area Transit
      - Veterans Services
      - Guernsey County Community Development Corporation
        - Revamping Veterans Services (primary clientele)
    - profile should be sent to Kelly at Guernsey Industries to be completed
  
- Karen (veteran's services)
  - Just added Columbus to the prepared routes that their drivers make each month
    - Will have an article in the Daily Jeffersonian Newspaper soon to announce this addition and make public more aware
    - If clients need to go to Columbus on days that are not pre-determined days for the trip, arrangements can still be made to make trip
  - On trips to Cleveland with a stop in Canton first
  - Trips to Columbus then go to Chillicothe
  - All trips are done on set days of the week
  - Clients simply need to call the office to set up appointments for transport
  - Have 2 vehicles
    - Dodge Grand Caravan
    - Not wheelchair accessible but can transport the chair itself
    - Client must be able to get in and out of vehicle on own
  
- Shon noted that both Senior Center and South East Area Transit both have wheelchair accessible vehicles
  - Huge need for out of county transportation
    - In the future (phase 3) hope to begin
      - Out of county trips (routes on specific days)
      - Limited weekend hours
    - Discussed 5310 funding
      - 80/20 cash match (state 80/local 20)
      - Could apply for new vehicles-low cost
      - Newest opportunity-apply for operating assistance
    - Always looking at what the community need is and what they look for

- Karen (veteran's services)
  - requires that if the client would like either a healthcare provider, spouse or family member to accompany them on transport, the attendant is required to sign a paper to enable them to ride
  - can transport service animals (dogs) but must have carrier
  
- Shon asked veteran services the sort of challenges they face most often  
She commented
  - More and more people are wanting to go to Columbus for services/treatment
    - Too long of a ride to Cleveland
    - Often have a long wait before returning home
    - Same scenario with Chillicothe
  
- Shon (Senior Center)
  - original thought behind coordinated plan
    - Everyone in area (county, town, city) share everything (vehicles, fleet)
    - Just not feasible due to each program/organization having own set of guidelines and regulations required to follow
  
- Melissa (Cardinal Place (assisted living facility))
  - Have a 2016 van
  - Transport residents only
  - Some residents are private pay and veterans
  - Biggest challenge is finding someone to drive vehicle
  - For most transport, use South East Area Transit or Senior Center

### **Prioritize Needs**

Michael began the conversation on what others deem priority transport need

- Senior Center puts medical transports over all other destinations
  
- Shon (Senior Center)
  - Original plan for updating Senior Center transportation was to expand into evening hours-Done
  - Upcoming meeting with Senior Advisory Group
    - Identify what they see as need
    - Discuss out of county transport (set routes)
  - Surveys to clients will also be distributed soon
  - Job & Family Services has independent drivers and go up to 150 – 200 mile radius of Cambridge
    - Would like to prioritize destination requests (James, Riverside (medical))
  - Non-medical transports are just as important

- Keep independence
- Next step in update
  - Out of county
  - Limited weekend
    - Start with either Saturday or Sunday (8:00 AM – 12:00 PM)
    - May request assistance
- Melissa (Cardinal Place)
  - Need more Zanesville trips
  - Only negative she hears from residents is complaints about long wait times
    - Dialysis patients
  - No funds available to take caregiver other than passport
  - Issues with client getting in/out of chairs
  - Physical limitations
- Shon (Senior Center)
  - state is looking at
    - Challenges at the transportation level and also customer service
    - Transporting Alzheimer's patients very challenging
    - Importance on building client profiles to assist drivers on being more aware of each individual and their needs
  - Weights of clients are increasing
    - Limiting ability to transport larger wheelchairs/scooters
    - Ramps not large enough-exceed weight limits
    - Had to deny services due to inability to transport large equipment
- Howard (Seat) agreed-sees several clients more and more
- Shon -With the changing of Medicare plans in our area
  - More clients coming from Coshocton (cancer patients)
  - In/out of networks
  - Causing more problems with transportation (unable to cross county lines)

### **Expansion on Profiles**

Michael distributed new updated profile sheets for organizations to complete and return

- Two week deadline to return

Asked organizations for basic rundown on fleet/ridership

- Howard (Seat)
  - All vans handicap accessible

- Highest priority for them to transport
- Shon (Senior Center)
  - Only 2 of senior center vehicles not ODOT
  - Looking to replace them with upcoming grant
  - Last grant
    - Able to purchase 16 passenger (2 wheelchair)
    - May be used for out of county routes in future
  - Under 5310-can't charge /excessive fees
  - Under title III-absolutely cannot charge-must be donation only

### Needs? Gaps?

Michael asked what kind of needs/gaps organizations face

- Howard (Seat)
  - Funding is key
  - Lack of understanding – not taxi service
    - Other organizations
    - Passengers
  - Why wait time is what it is
  - Medicaid changes coming
    - If paying-what will wait times be worth
- Shon (Senior Center)
  - Advanced notifications a problem
    - Need to have passengers understand –cannot be on demand
    - On demand-not able to make routes
      - No way to know when finished
- Howard (Seat)
  - Dialysis
    - Let riders know schedule
    - ½ hour pick ups
  - Biggest complaint-not taxi service
  - Would like to schedule more groups instead of individuals
  - More transports in Zanesville than Guernsey County
- Karen (Veteran services)
  - Clients know routes
    - Don't schedule appointments
      - Get upset when van doesn't show
- Howard (Seat)
  - Installing new software

- Call night before
- Client schedule to call 10-15 minutes before pickup
- Centralizing call stations
  - Done in Zanesville
- May be looking to be expanding into Noble County
- 17 transit agencies through state
- With new things coming from state
  - Could have issues with ability to fund
- Shon (Senior Center)
  - Recently met with Guernsey County Job & Family Services
    - See challenges with on dispatch coordination
  - Test in Hamilton of what State wants
  - Other problems
    - Take jobs away from local area
    - Each program unique
    - Not one size fits all
  - Need more education in plan
  - Providers should share marketing, routes, etc

## Victories

What victories organizations have had organizations would like to share, Michael asked

- Howard (Seat)
  - Newest member of team-Andrea
    - 5 years of experience with North Carolina Department of Transportation
    - Member of Community Colaboration Health Plan Committee
  - Combat no shows-cancellations
  - Lack of understanding of how public transit works
    - Scheduler need to explain to client
  - All agencies need to know what's available
    - Dr offices and medical community need to understand as well
    - Running behind-let client know
    - Explain how it works and transport will be there
- Shon (Senior Center)
  - Senior Center distributed flyers/business cards to dr offices
    - Educated them
    - Helpful for clients
      - Back of card has place for office to write client appointment
    - Most office personnel very familiar with us
      - Phone number

- Drivers
- Howard (Seat)
  - Would like to have lifts instead of ramps on vehicles
  - When ordered vans-have larger door installed
    - Small door causes too many problems for passengers (36")
    - Pay out of town company to install
- Shon (Senior Center)
  - Hoping to replace 2 vehicles and add 2 additional
  - May have at total 6 apply for
  - Have 3 CDL drivers on staff currently
- Howard (Seat)
  - Would be able to include Senior Center CDL drivers into their trainings
  - Andrea also certified in teaching defensive driving course
- Shon (Senior Center)
  - Extended invitation to other organizations to attend our trainings as well
    - CPR
    - First Aid
  - Area Agencies often unavailable for trainings
  - Train our own staff
  - Regional groups easier to work with
  -

Michael asked groups to keep the question of the challenges they face in mind to discuss at next meeting.

- Will have changes made to plan by December

### **Major Trip Generators**

What are the main needs for transportation seen by organizations?

- Howard (Seat)
  - Grocery store
  - Work
  - Pharmacy (Medicaid does not cover pharmacy trips)
- Melissa (Cardinal)
  - Medical
  - Errands (Shopping, Banking)
  - Can take them but residents prefer to go on own
    - Independence
- Karen (Veteran's Services)

- Medical
- Shon (Senior Center)
  - Medical
  - Errands
  - All trips will increase with weather change
    - Will transport up to a level 2 ¾
- Karen (Veteran's services)
  - When weather is bad, leave transport up to the discretion of the driver

Michael again asked to keep in mind

- Strategies to combat
  - If can't meet less than 24 hour notice
  - Weight limits
- Shon (Senior Center)
  - A lot of previous concerns of Senior group covered with updated expanded hours
  - Still opportunities to improve
    - Regional
    - Out of county
    - Work together to coordinate services
  - By 2020, 53% of residents of Noble county will be 60 or older
  - Question for state
    - Why can't use existing providers instead of creating new one (out of county transports)

### **Closing thoughts**

Michael then asked group if there were any other ideas of things that needed to be included in the plan

- Nothing was mentioned

Once plan is completed

- Each organization will have an opportunity to review and make any adjustments needed before submission
- Will be "our" group plan
- Before last plan was compiled
  - Over 800 surveys were distributed to clients/passengers
  - Items from that survey drove the items for the current plan
  - Not going to do those again
    - Things haven't changes much

Asked for any closing remarks

- Shon

- Would like to work closer with Geri Beckner
  - Incorporate EMA into next group

Next meeting will be held in either February or March

Will send new plan to group in email

- review before incorporating anything
- Can vote electronically through email

Then will take to commissioners for approval

Once approved

- Will become county plan

### **Wrap up/Adjourn**

Michael asked if there were any other questions/concerns of if there was anything that members thought should be discussed/covered

- Nothing was mentioned

Members were thanked for being in attendance and the meeting was adjourned at that time

## **Senior Transportation Advisory Council Meeting**

**Monday, November 13, 2017**

**10:30 AM – 12:00 PM**

Meeting was called to order by Michael Hess

### **Members in attendance:**

Michael Hess, Transportation Supervisor

Stephanie Pfalzgraf, Community Outreach Coordinator

Mary Cowgill, Council Member

Nancy Daniele, Council Member

George Kohlman, Council Member

### **Introduction**

Michael began the meeting by welcoming council members

- Explained/Overview of purpose of meeting
  - ODOT (Ohio Department of Transportation) wants each company/organization to have own plan
  - All plans varied (why set up)
  - Sent out template for each company/organization to use for their plan
  - Two main services in county
    - Guernsey County Senior Citizens Center
      - Have
    - SEAT
- Taken current plan and transferred into new template
  - Condensed
  - Small formatting errors/cleaning up still needed
  - Same plan
    - Biggest difference
      - List of providers

- Reached out to all agencies with transportation services over 20 (public/private)
- Need to provide complete agency survey

### **Council Members Began Reviewing Plan**

- Nancy noticed that page numbers on plan would be beneficial
- Mary asked if Merle Bell (independent transportation driver) was asked to be included in local service
  - Michael said he would check into it

### **Overview of Plan**

Michael spoke about with this plan

- Use to apply for 5310 funds
  - 80/20 share to purchase vehicles
  - Now can apply for operating costs

Then began a quick review of sections of plan/areas plan addresses

### **Technology**

- What do other organizations use
  - Unsure of other organizations methods until surveys come back
  - Senior Center uses Fleetmatics
    - Can view where each vehicle is on map
    - Fuel consumption/mileage
    - Doesn't do schedules

### **Transportation Needs/Gaps**

- Discussed with group at prior meeting
- Will have meeting first quarter of 2018
  - Reassess gaps
  - Weekend transport next on agenda to address
    - Start with either Saturday or Sunday
      - 8:00 AM – 12:00 PM
      - Main goal may be Sunday
        - Church services

## **County Profiles**

- Review economic/socioeconomic data
  - Population demographics

## **Major Trip Generators**

- Follows population size
- Senior Center main trip generator-Medical
- Dialysis/Dr
  - Evening hours
    - 4-15 trips daily
    - Winter months-always see an increase

## **Surveys**

- Review of surveys sent to 500 participants of services previously sent
  - Will do new surveys in future
  - For all transportation services in County
    - We just lead agency

## **Plan Adaptation**

- Process of adopting plan
  - Meet with
    - Agencies
    - Seniors
    - Public
      - Senior approval first
      - Agency approval
      - Guernsey County Commissioner approval
      - Submit to ODOT
        - Becomes official County plan

## **Final Plan Review**

Michael asked group to look over plan for final time

- Group quietly read/reviewed plan
- After a short time, Michael asked if there were any questions/concerns
  - None were voiced

- Michael then asked for a motion to vote on plan
  - Stephanie asked for all those who approve
    - Mary-yay
    - Nancy-yay
    - George-yay
  - All apposed
    - Nothing was said
- Michael announced that the plan has been approved
- Asked if the group had any other questions or concerns would like to address
  - Mary asked if they will be receiving a final copy of plan once all have approved
    - Michael said that once everything was completed will call group back to discuss

### **Closing**

Michael thanked the group for coming together and for their contribution in coordinating transportation services throughout the county.

Will contact everyone once complete

### **Meeting Adjourned**

# Senior Transportation Advisory Council Meeting

August 2, 2018

1:00pm to 1:45pm

Meeting was called to order by Mike Hess

## Members in attendance:

Mike Hess, Transportation Supervisor

Roger Davis, Assistant Transportation Manager

Mary Cowgill, Council Member

Janet Snodgrass, Council Member

Nancy Daniele, Council Member

George Kohlman, Council Member

## Introduction

Mike Hess began the meeting by welcoming council members

- Described the Coordinated Transportation Plan
- Discussed the requirement of a Advisory Council
  - need input on service and needs of served clients
  - share info with other providers to help improve service and identify issues
- Categories of discussion
  - Assessment of current status of service
  - Areas of improvement
  - Near term and long term goals

## Assessment of current status

- Consensus among council members that service is generally good, with drivers themselves singled out with praise for their behavior
- Phone service is considered by Council members to be excellent
- Hours of Operation
  - Days and hours available to be transported should be increased
  - No weekend transport at all
  - What do individuals do for groceries on weekends
- Areas to improve on
  - Discussion about individuals not having family to help without “benefits”
  - Maintaining independence
  - Possible addition of rotating Sunday church shuttle service
  - Introduction of limited Saturday service (informed them will be soon)
- Transportation to Sunday Services
  - 75 yrs of age and older majority of rural church population, backbone of most congregations

- How do most non driving seniors get there-may not have a way there but may have way home
- Create fixed route (i.e. school bus route) of individual churches, possibly rotating
- Coordination and Customer Experience
  - Affordable and Accessible transportation
  - Improved experience when transit system can utilize efficiencies, cut waste
  - Discussion about interactions between clients and drivers of transportation very positive

#### **Discussion on segment of Senior Center Coordinated transportation Services**

- One concern is lack of out of county transportation availability
- Looking for expansion of service hours to weekends
- Under age 60 transportation limited to SEAT, Job & Family Services, etc.
- Currently, trips are not grouped by type at a certain time of day or days. A council member wondered if this would be more efficient.

#### **Urgent Needs Discussion**

- Over 60 clients in need of dialysis transport an increasing demand on transportation service hours
  - Looking to fill role as needed on weekends
- Occasional busy signal when calling in to transportation line
- Clarification of Saturday hours
  - Coordinating with dialysis, clients to determine best times for everyone as a whole...suggestion of 9-2 as of now
- Last minute schedule changes
  - When they can be accommodated
  - Schedules are flexible up to a point, but clients are encouraged to book trips no later than 24 to 48 hours before appointment

#### **Goals of collected feedback**

- Input will go into updating the Coordinated Transportation Plan
  - Concerns will be incorporated into finished document
- Discuss schedule set trips out of county for a set fee
- Start all day fixed routes to out of county apartments (i.e. Wheeling on Tuesday, Marietta on Thursday for example)
- Look into what other counties have established for out of county transport
- Expanded service can open up volunteer opportunities

#### **Comments or Concerns**

There were no additional comments or concerns voiced. Mike mentioned that his door was always open and he welcomed calls or visits for more information.

### **Meeting Adjourned**

## **Senior Transportation Advisory Council Meeting**

**October 12, 2018**

**1:00 PM – 2:00 PM**

Meeting was called to order by Michael Hess

### **Members in attendance:**

Shon Gress, Executive Director

Michael Hess, Transportation Supervisor

Stephanie Pfalzgraf, Community Outreach Coordinator

Mary Cowgill, Council Member

Janet Snodgrass, Council Member

Nancy Daniele, Council Member

George Kohlman, Council Member

Joan Boyd, Council Member

Copies of minutes from meeting held on August 2<sup>nd</sup>, 2018 were distributed to council members along with copies of the coordinated transportation plan before the meeting began.

### **Introduction**

Michael began the meeting by welcoming council members

- Explained/Overview of Coordinated Transportation Plan
- Discussed the purpose of meeting
  - To review changes in plan
- Began discussing changes

### **Page 2**

#### **Executive Summary**

##### **Shon**

- A few wording changes
- Change date when updated to 2108
- Shon mentioned to always be sure to notate how plan is always reviewed and updated

#### **Planning goals (continued on to page 3)**

##### **Shon**

- Reviewed and input provided by on ongoing basis
  - Senior advisory group
  - Participating transportation providers
  - General public

- Formatting changes-adding bullet points

**Page 4**

**Involvement Activities**

**Shon**

- Add years when updated
  - 2009, 2010, etc. until 2108
- Include additional paragraph
  - When participating in regional coordinated transport meetings
    - Omega
    - ODOT

**Page 5**

**Action Planning**

**Shon**

- Update dates, wording
  - Mention
    - 2015, 2016, 2017 meeting process

**Page 6**

**Geographic Area**

**Michael**

- Paragraph under county profile map new addition

**Page 9**

**Limited English Speaking Map**

**Michael**

- Graphic will improve

**Page 19**

**Assessment of Community Support for Transit**

**Michael**

- New change

**Shon**

- Add
  - County commissioners
  - Area Agency on Aging Region 9
  - Various MOUs with lead agencies

**Safety**

**Michael**

- New Change

**Shon**

- CDL certification
- BCII every five years
- Elective Hep B Vaccination

**Mary**

- Add High School Diploma/GED

## **Vehicle Utilization Table (Continued on page 20)**

**Shon**

- Column for year needs expanded
- Vehicles 14 and 15 should be noted as obtained under 5310 plan

## **Page 20**

### **Summary of Existing Resources (Continued on page 21)**

**Michael**

- New addition to plan

**Shon**

- Independent contractors though Job & Family Services should be added

## **Page 21**

### **Assessment of Transportation Needs and Gaps**

**Shon**

- Some formatting changes
- Add senior advisory & regional meetings

## **Page 22**

### **Local Demographic and Socio-Economic Data**

**Michael**

- Graphic will be improved

**Shon**

- Has a map from Scripps Gerontology will share

**Michael**

- ODOT also would like map of zero vehicle households
- Has checked various places and cannot be found

**Shon**

- Just note info not available at time of plan submission

## **Page 24**

### **General Public and Stakeholder Meetings/Focus Groups**

**Shon**

- Need to update and mention current meetings
- ODOT usually wants current info from as soon as two years ago and up

## **Page 25**

### **Surveys**

**Shon**

- May not be a bad idea to do updated survey
  - Get together with outreach
  - Current info can be added later

## **Pages 30 and beyond**

### **Timeline for Implementation**

**Shon**

- Years need to be updated
  - From 2018-2019 to 2019-2020

**Michael concluded discussion of changes and opened the floor for questions and comments**

**Shon**

- Page 32-Plan Adoption
  - Add when plan was reviewed, approved & accepted by and dates when
    - Senior Advisory Group
    - Coordinated Transportation Group
    - County Commissioners
    - Board of Directors
  - Plan cannot be submitted to ODOT without approval from groups

**Michael asked for final questions and comments**

**Shon**

- Mentioned working on (still ironing out details)
  - Saturday hours
  - Possible Sunday routes (churches)
  - Out of county transport routes
    - Did find out we can charge

**Shon asked for motion to approve changes in plan**

- Joan made motion
- Nancy Second
- All were in favor

**Motion granted-changes approved**

**Michael thanked all in attendance and adjured the meeting**

10/16/2018 Transportation Meeting

In attendance:

GCSCC: Michael Hess, Shon Gress and Valerie Wray

SEAT: Howard Stewart and Andrea Thompson

SEA: Kevin Hannahs and Allen Miller

Veterans Services: Karen Johnson and Gary Lucas

- 2017 is when ODOT changed the template for the coordinated transportation plan

-The senior advisory group is kept updated through meetings about the coordinated transportation plan

- Met with the senior advisory group last week to go over the updates for the coordinated plan

- Surveys have been sent out in the past to get updates from clients about needs and what they want to see

-Changes that need to be made to the transportation plan: Add to the front page about who its funded by, continually review and modify the executive summary, add meeting dates, map trip area, population

stats for 5 year and older children that is English speaking, inventory of transportation providers, expenses and revenue, alternate transportation

-SEAT will send over to Michael a vehicle inventory template

-Plan also wants a map density of zero. Will send out in next survey about if they drive or own a car

-SEAT: Has transformed in the past 8 months. They have upped their daily round-trips by 48%. They have a one stop call center in Muskingum County. They want to start an on the go outreach program to teach the community about public transit. They have an agency portal set up with SEORMC, the hospital can go in and log when a person needs to be picked up and that will alert SEAT. They went from doing around 80 trips daily to between 110-140 trips. Looking at property in Guernsey County. They do a lot of non-medical trips with JFS. Met with different agencies to partner in surrounding counties.

Society of Equal Access: Horizon is the public transit in Tuscarawas County. They do mostly JFS rides, around 80-100 a day. They signed a contract with Carestar which is a provider ride. 80% of their vans are wheelchair accessible.

Guernsey County Veterans Services: Continuing to go to VA in Cleveland, Canton, Chillicothe and Columbus. They have 2 vans funded by the Chillicothe VA that they use for the trips.

- SEAT said that Omega wants a regional coordinated plan and that a ride share portal would be nice so that different agencies could take on rides that another agency cant.

- Plan: Fix route services (2019 goal), Sunday services (partner with area churches), and weekend operating hours

Gary Lucas motioned to approve, Karen Johnson seconded it **Vote: (In Favor)-- Unanimous at 12:03pm**

## AUTHORIZING RESOLUTION

Resolution No: **01-020818**

A resolution authorizing the filing of (an) application(s) with the Ohio Department of Transportation by **GUERNSEY COUNTY SENIOR CITIZENS CENTER, INC.**

for grants through the US DOT Federal Transit Administration (FTA), as authorized under Federal Transit Laws, as codified, 49 USC Section 5310, Enhanced Mobility of Seniors and Individuals with Disabilities, Ohio's Specialized Transportation Program and executing a contract with the Ohio Department of Transportation upon project approval.

WHEREAS, the Director of the Ohio Department of Transportation is authorized to make grants for the Specialized Transportation Program;

WHEREAS, the contract for financial assistance will impose certain obligations upon the applicant, including the provision by it of the local share of the project costs in the program;

WHEREAS, it is required by the U.S. Department of Transportation in accordance with the provisions of Title VI of the Civil Rights Act of 1964, that in connection with the filing of an application for assistance under 49 USC Section 5310 the applicant gives an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the U.S. Department of Transportation requirements thereunder; and

NOW, THEREFORE, BE IT RESOLVED BY **GUERNSEY COUNTY SENIOR CITIZENS CENTER, INC. BOARD OF DIRECTORS**

1. That **Shon E. Gress, Executive Director** is authorized on behalf of **GUERNSEY COUNTY SENIOR CITIZENS CENTER, INC.**
  - a. to execute and file
    - i. Proposals to aid in the financing of capital and operating assistance projects
    - ii. Grant agreements with the Ohio Department of Transportation for aid in the financing of capital and operating assistance projects
    - iii. An assurance or any other document required by the U.S. Department of Transportation effectuating the purposes of Title VI of the Civil Rights Act of 1964
    - iv. Set forth affirmative disadvantage business policies in connection to any procurement made as part of the project
2. That **Shon E. Gress, Executive Director** is authorized to furnish such additional information as the Ohio Department of Transportation may require in connection with the proposal for the program of projects submitted to the Federal Transit Administration.
3. The undersigned duly qualified and acting **Shon E. Gress, Executive Director** of the **GUERNSEY COUNTY SENIOR CITIZENS CENTER, INC.**

### AN EQUAL OPPORTUNITY EMPLOYER

Regular Session  
November 22, 2017

The Board of County Commissioners of Guernsey County, Ohio, met in regular session on the above date with the following members present: David L. Wilson and Ernest R. Gardner, Jr.

**IN THE MATTER OF DESIGNATING THE GUERNSEY COUNTY SENIOR CITIZENS CENTER AS THE LEAD AGENCY REPRESENTATIVE IN DEVELOPING THE GUERNSEY COUNTY COORDINATED TRANSPORTATION PLAN FOR THE BOARD OF COUNTY COMMISSIONERS AND FOR THE PURPOSE OF APPROVING THE COORDINATED TRANSPORTATION PLAN IN ORDER FOR GUERNSEY COUNTY SENIOR CITIZENS CENTER, INC. TO APPLY FOR GRANT FUNDING WITH THE OHIO DEPARTMENT OF TRANSPORTATION-OFFICE OF TRANSIT**

A motion was made by Commissioner Gardner, duly seconded by Commissioner Wilson to authorize the following:

**Whereas**, the Ohio Department of Transportation requires that a lead agency be designated to establish and create a locally developed coordinated transportation service plan within Guernsey County, Ohio, in order to ensure the participation of public, private, and non-profit transportation and human services providers and the general public in the plan development; and

**Whereas**, the Board of County Commissioners, Guernsey County, Ohio, does hereby designate the Guernsey County Senior Citizens Center as the lead agency to act on behalf of the Guernsey County Board of Commissioners for any additional development, and/or eligibility requirements and to apply for funding from the Ohio Elderly Individual, Individuals with Disabilities, and other 5310, Federal Transit, and ODOT Specialized Transportation program funding sources; and

**Whereas**, the Board of County Commissioners, Guernsey County, Ohio does hereby approve the updated Guernsey County Coordinated Transportation Plan submitted for 2017; and

*"Guernsey County - A rich heritage building a better tomorrow"*

This institution is an equal opportunity provider and employer.

**Therefore, Be It Resolved** that the Board of County Commissioners, Guernsey County, Ohio does hereby approve the Guernsey County Coordinated Transportation Plan and reappoints the Guernsey County Senior Citizens Center, Inc. to continue to serve as the lead agency to work with various community partners in order to sustain and enhance transportation coordination and participation in ODOT's Specialized Transportation program.
